Learning and Career Pathways

Cypress College helps you achieve your educational goals and move into your desired career path. Whether you’re interested in going to a four-year university or training for a job, we have a program designed just for you. Our wide range of programs include transfer-oriented curriculum with 56 university-transfer majors, 73 degree programs — including the popular AD-T transfer degrees, 176 career-certificate programs, and 1 of California’s 15 community college bachelor’s degrees. Need help deciding on the right program for you?

Learning and Career Pathways

Business & Computer Information Systems
The Business & Computer Information Systems (BCIS) Division offers students the opportunity to obtain an Associates of Business Administration degree in Business Administration, Accounting, or Business Information Systems, or to transfer to a four-year college or university. Students can also pursue a Business Information Systems or Computer Information Technology major at Cypress College. Many programs are offered online, allowing students to earn their degree while working or raising families.

Fine & Performing Arts
The Fine & Performing Arts Division offers a variety of programs in visual and performing arts, including music, dance, theatre, film, photography, and more. Students can pursue an Associate of Arts degree in Fine Arts, Music, or Dance, or transfer to a four-year college or university.

Kinesiology
The Kinesiology Division offers a variety of programs in health and wellness, including occupations in physical therapy, exercise science, and athletic training. Students can pursue an Associate of Science degree in Kinesiology or earn a Certificate in Exercise Science, Exercise Physiology, or Personal Training.

Science, Engineering, & Math
The Science, Engineering, & Math Division at Cypress College offers a variety of programs in science, engineering, and mathematics, including chemistry, biology, physics, computer science, and more. Students can pursue an Associate of Science degree in one of these fields or transfer to a four-year college or university.

Career Technical Education
The Career Technical Education Division offers programs in a variety of fields, including healthcare, culinary arts, manufacturing, and more. Students can pursue an Associate of Science degree in a career-related field or transfer to a four-year college or university.

Health Science
The Health Science Division offers programs in healthcare fields, including nursing, respiratory therapy, and medical laboratory technology. Students can pursue an Associate of Science degree in one of these fields or transfer to a four-year college or university.

Language Arts
The Language Arts Division offers programs in English, literature, and writing. Students can pursue an Associate of Arts degree in English or transfer to a four-year college or university.

Social Science
The Social Science Division offers programs in a variety of social science fields, including political science, sociology, psychology, and more. Students can pursue an Associate of Arts degree in one of these fields or transfer to a four-year college or university.

Our Division provides numerous resources to help you meet your academic and career goals. All of our degree programs are designed to help you achieve your goals and prepare you for success in your chosen field.
Welcome To Cypress College Career Education

Welcome to the award-winning career education programs at Cypress College! Whether you are a high school student thinking about a technical career, a transfer student working on an industry-related degree, an adult re-entry student looking for work-based skills, a veteran seeking retraining, or you are just hoping to find a new career opportunity, we invite you to build your future with us.

Check out the excellent certificate, degree, and transfer options in the departments below!

- Accounting
- Administration of Justice
- Air Conditioning & Refrigeration
- Automotive Collision Repair
- Commercial Music & Multimedia
- Computer Information Systems
Build Your Future in Automotive Technology

Earn a great living in Automotive Technology. Cypress College provides state-of-the-art, hands-on automotive diagnosis and repair education and training. The General Automotive and T-TEN programs are NATEF certified. The General Program includes pathways for employment at new vehicle dealers and independent repair facilities. There are also Subaru technician and Electric/Hybrid vehicle technician pathways. The T-TEN program is a cohort program with Toyota specific course work and paid internship time at a Toyota or Lexus dealer.
