for the Student Life Initiative

**BC Office of Student Life Mission**
Through innovative experiences in a co-curricular classroom, the Office of Student Life engages students in meaningful interactions and hands-on skill development that fosters academic progress, student success, social justice, and citizenship while serving the diverse breadth and scope of the Bakersfield College’s student community through recruitment, persistence, retention, and graduation efforts.

Research indicates and student engagement theory suggests that students involved in an activity on campus, any activity outside of the classroom, are more likely to persist and graduate. The Office of Student Life provides it's participating students the opportunities to develop and hone their leadership skills, ultimately supporting student learning by providing a plethora of programs and services in which students can be engaged.

BCSGA is composed of twelve senators and eighteen officers.

The BCSGA is the student governing organization and has the responsibilities for campus student initiatives. The Center was opened on June 15, 1956. The building was renamed the John Collins Campus Center on September 10, 2003 in honor of Dr. John J. Collins, former Bakersfield College President from 1972 – 1983.

The Campus Center offers a wide range of services and programs and is a place of relaxation and recreation for students. It is the students “home away from home,” the community center of the college. The Campus Center is located in the middle of campus, and many Campus Center programs and events are funded by Campus Center fee.

The students involved assume various leadership roles that provide insight to further the mission of the group and contribute to the personal development and enjoyment of members within the context of the broader teaching, research, and service missions of BC. These opportunities offer students a chance to become more involved with their campus community, adding an experiential component to their educational experience.

A StudOrg is an entity that is initiated and directed by a group of current Bakersfield College students who share a common vision in promoting a co-curricular mission that enriches campus or community life and personal development. StudOrgs must be registered with the Office of Student Life in accordance with the StudOrg Conditions and Procedures.

Active membership in registered StudOrgs shall be limited to registered students from the BC campuses (this includes the Delano campus). Active members may participate at all levels in the organization's activities (beyond membership registration and payment of financial obligations) as determined by the organization. Membership shall be on a completely volunteer basis and shall not be the basis of academic credits nor shall any coercion be used forcefully to maintain membership. The designated Advisor of the StudOrg are considered a part of the StudOrg membership.

We provide food to students regardless of their race, religion, sex, gender, age, sexual orientation, or disability. The student assistance program exists to help maintain the health and welfare of Bakersfield College students through organized college, community sponsorship, and donations of nonperishable food, clothing and hygiene items.

Area Seven: Off-Campus Housing Services
Student Housing Services helps and supports BC students in a magnitude of ways. Some students may prefer to live with families, rent a room, apartment, or a house. Whatever the option a student chooses, the goal of Student Housing Services is to place any interested BC student in contact with some potential living possibilities. Student Housing Services is a program offered by the Office of Student Life to assist students in meeting their housing needs in the college neighborhood. The program formalizes a listing service already being offered by the department. Student Housing Services will augment this with support, guidance, and educational services. The Office of Student Life understands that in order for students to be academically successful, their basic needs must be met (Maslow, 1943). Student Housing Services is designed to help students meet this need, and to provide opportunities to develop life skills through workshops, financial management, connections to resources, and hands-on practical tips and advice.

Area Eight: Renegade Mascot
The Office of Student Life oversees the Renegade Mascot and the upholds the campus pride to the best. The Renegade Mascot is a vital part to engaging campus spirit at the Home of the Renegades.

Area Nine: Safe Space Program
The Bakersfield College Safe Space program was created by the BCSGA as a way for or campus to create a supportive environment for the LGBTQ community. Safe Spaces are places on our campuses where representatives have decided to publicly identify themselves as making an effort to understand and support the needs of the LGBTQ community. The Safe Space Project at BC promotes awareness of Lesbian, Gay, Bisexual, Transgender, Queer, Questioning, and Allied (LGBTQA) individuals. Workshops can provide education concerning related issues and seeks to improve the environment for sexual and gender minorities. Safe Space Goals:
- To increase awareness of Lesbian, Gay, Bisexual, Transgender (LGBT) individuals and issues.
- To build a visible support network of LGBT allies on BC’s campus.
To improve the climate for LGBT people at BC.
To make allies visible to and involved with LGBT students, faculty, and staff.

**Area Ten: Student Conduct**
The Board of Trustees of the Kern Community College District, in support of public education and the exercise of general supervision of the campuses of the district, believes that student conduct must reflect the standards of good behavior expected by society. Since public education is furnished by the people of the district, it becomes a privilege for students to have this opportunity to further their education.

When working with student complaints, sexual harassment, discrimination, students with reported behaviors, academic integrity, or students of concern, the Office of Student Life at Bakersfield College reviews, investigates, and works with each student case carefully while integrating several student development theories that model after the restorative justice practices. The fundamental premise of restorative justice practices is to engage with the student to lead to a helpful outlook, more cooperative and productive interactions, and more likely to make positive changes when the Office of Student Life and the Bakersfield community interact with them. It has a greater impact on student learning and success than the typical punitive models. The Office of Student Life approaches restorative justice with five objectives in mind to assist the student through their development.

1. Reflecting with the student in question about their purpose through self-authorship giving them constructive instruction that allows for self-reflection and clear understandings of self-beliefs
2. Aiding the students to self-acknowledge their responsibility and willing to gear their situation to a positive outcome.
3. Providing and connecting students to various on and off campus resources in hopes to achieve positive student success.
4. Assisting the students to connect their energies and interests with meaningful activities.
5. Finding closure while supporting the students through facing their consequences, learning from their situation, and moving past it for future success.

Taking a restorative justice approach requires a philosophical shift and a personable professional to interact with the students, parents, faculty, and the community to repair the balance back into the students’ life, rather than simply following protocol and penalizing. Students are expected to observe a proper standard of conduct, showing such respect for order, morality, personal honor and the rights of others as demanded of good citizens.
