2019-20 Accomplishments

Todd Coston - Technology Support Services
Updated: 6/19/20

Strategic Direction #3 – Facilities and Technology

- In collaboration with the ISIT committee, reviewed and prioritized technology requests from the Annual Program Review process and evaluated and assessed the new prioritization process. [ISIT goal #3 for 2019-2020]
- Coordinated the seamless transition moving from the FPU site to the portables for the BCSW campus.
- Worked in collaboration with ISIT to update the Bakersfield College Technology Plan for 2020-2023.
- Contributed to the design and specs for several of the Measure J construction projects (Gym, Science and Engineering, Welcome Center, Admin Services/Business building, temp field house, Delano LRC, etc.)
- Started the design for phase 2 of the campus wifi project. Due to so many buildings being under construction and the impact on this project, parts of the project are on hold.
- In response to the shelter-in-place COVID-19 pandemic, coordinated the technology needs while moving the complete BC campus (and satellite sites) to an online/remote environment.
- Provided project management as the lead for BC in the District-wide Document Imaging project.
- Collaborated with the Rural Initiatives team and the District Office to develop a plan to support the technology for both the temporary Arvin space and the new Homeless Center.
- Facilitated the changeover of the student chromebook loaner program from Student Affairs to the BC Technology Team with the support and help of the Financial Aid department.

Strategic Direction #4 – Leadership and Engagement

- Coordinated and helped facilitate the New Employee Orientations.
- Coordinated and helped facilitate the year-long New Classified seminar.
- Coordinated and helped facilitate the year-long New Manager seminar.
• Played a key role in developing and facilitating the 2019 Admin Council and President retreats.
• Coordinated the oversight and collection of scoring for the college Strategic Direction initiatives.
• Chaired the Administrative Structure Review team where we did a comprehensive evaluation of the management organization structure and responsibilities and made recommendations to College Council and the president. This included special considerations/updates in light of the COVID-19 pandemic.
• Chaired the screening committee for the Program Manager – Communication and Community Relations position(s).
• Facilitated Opening and Closing Days (emcee) and also several virtual seminars during the initial pandemic response.
• BC project point person for district-wide Document Imaging project.
• Participated in FEMA response training at the Kern County Emergency Operations Center.
• Contributor/Facilitator for the updated BC Education Master Plan.
• Led several campus tours for key groups coming to campus (i.e. Bill and Melinda Gates Foundation, CSUB executives, etc.)
