There has been substantial activity since we last met on October 11, 2016. First, let’s recap the history.

**June 29, 2016**

First meeting of the CA Guided Pathways advisory committee at the LAX Marriott. This meeting was funded by the College Futures Planning grant and hosted by Bakersfield College.

During this meeting, we
- Reviewed the AACC Project
- Laid the groundwork for the CA Guided Pathways work by hearing brief presentations from partners who have been advancing the California work on student success
- Discussed developing a CA Guided Pathways Proposal for the College Futures Foundation

**August 26, 2016**

Submitted the proposal to the College Futures Foundation

**October 11, 2016**

Second face-to-face meeting at the LAX Marriott

During this meeting we:
- Heard from incoming Chancellor Eloy Oakley
- Discussed the application materials

**November 3, 2016**

The ASCCC invited us to do a general session and a breakout session at the plenary in Orange County. General Session leads included:

Moderator: Julie Bruno

Panelists: Sonya Christian, Bill Scroggins, Jeff Archibald
November 16, 2016
Kay McClenny presented to Presidents and Chancellors of the California Community Colleges in Riverside prior to the CCLC convention.

December 6, 2016
The College Futures Foundation Board approved our proposal. Refer to the Bakersfield College CA Guided Pathways Planning site for the press release.

The www.caguidedpathways.org website went live.

December 7th & 8th, 2016
IEPI Guided Pathways workshop funded by IEPI. Refer to the Bakersfield College CA Guided Pathways Planning site for the agenda.

Highlights from the workshop:

The event was done in a lecture-laboratory style with time built in for colleges to work with their teams at the round tables or in breakout sessions.

- Over 200 participants
- Over 20 colleges
- Other organizations represented
- The program had 4 sessions organized around the pillars of Guided Pathways
  - Clarifying the path
  - Getting students to entering the path
  - Keeping students on the path
  - Ensuring meaningful learning
- The program also had 2 spotlight sessions:
  - Leadership in an environment of change
  - Relevant data and planning when discussing pathways
- Used CCRC’s scale of adoption assessment to guide the work at the college level
- Distributed program data for each college so that the work was customized for each college to build the next steps based on their culture and their data
