Industrial Automation (INDA) Program Offers Information Sessions

Details of the baccalaureate program shared

Bakersfield, CA—The Bakersfield College Industrial Automation program is offering three information sessions to inform prospective students and the public about the details of the program and subsequent career opportunities. The Industrial Automation baccalaureate degree is designed to prepare students for work in technical management careers in various local industries which are vital to the regional economy. Students who graduate from the program are prepared for careers in the design, operation, and management of industrial automation systems.

Information Sessions

The three information sessions will take place on the following dates and times, at the locations listed below:

- Tuesday, February 20th at 1:00 p.m. to 2:00 p.m. in the Science and Engineering Building, Room 56
- Saturday, February 24th at 10:00 a.m. to 11:00 a.m. in the Science and Engineering Building, Room 46
- Tuesday, February 27th at 6:00 p.m. to 7:00 p.m. in the Science and Engineering Building, Room 46

Each session includes a Q&A directly afterwards.

Information about the program and Industrial Automation degree
