Work Plan: June 2016- May 2017
Yadira Guerrero, STEM Program Manager

#1: Student Learning
A commitment to provide a holistic education that develops curiosity, inquiry, and empower learners.
- Work with faculty to determine purchases that would provide enriching learning opportunities.
- Work with the community to provide field trip and possible internship opportunities for students to experience STEM careers first hand.

#2: Student Progression
A commitment to eliminate barriers that cause students difficulties in completing their educational goals.
- Work with the Counseling Department to ensure students are on track for commencement.
- Increase communication with high school counselors and middle school staff regarding STEM opportunities at Bakersfield College.
- Maintain updated reports to monitor student progress.
- Continue to provide no-cost tutoring services for Bakersfield College STEM students.

Direction #3: Facilities
A commitment to improve the maintenance of and secure funding for college facilities, technology, and infrastructure for the next thirty years.
- Create a sense of Pride for the BC campus within STEM cohorts that supports Maintenance and Operations, by encouraging students to value the BC campus so they voluntarily help with maintaining our facilities.

Direction #4: Oversight and Accountability
A commitment to improve oversight, accountability. Sustainability and transparency in all college processes.
- Keep in close communication with STEM faculty, student workers, and staff to ensure common goals are being met.
- Engage with other departments on campus to share in common goals and to support the overall efforts for alignment.

Direction #5: Leadership and Engagement
A commitment to build leadership within the college and engagement with the community.
- Continue to explore collaborations and partnerships on campus and within the community.
