Accreditation Basics

Accrediting Commission for Community and Junior Colleges (ACCJC) evaluates and accredits Junior Colleges

Accreditation allows our students to receive federal financial aid dollars
ACCJC

ACCJC is comprised of educators and administrators

ACCJC has established four major accreditation standards

Under those four standards are 14 subsections

We demonstrate compliance via a written self report...the Institution Self-Evaluation Report (ISER)
Standards

Standard I: Mission, Academic Quality, and Institutional Effectiveness and Integrity

Standard II: Student Learning Programs and Support Services

Standard III: Resources

Standard IV: Leadership and Governance
ISER

The ISER explains how we meet the 4 standards and all subsections of each standard. The ISER also contains a quality focus essay (QFE) describing goals.

ACCJC has our ISER, and peer reviewers are prepping for a site visit.

- Our ISER is found here:
  - [https://www.bakersfieldcollege.edu/accreditation/2018ISER](https://www.bakersfieldcollege.edu/accreditation/2018ISER)
Site Visit

October 1-4th peer reviewers will be on campus, in our classrooms and in our committee meetings.

They will talk with administrators, faculty, classified personnel, and students.

They will review all of our documents and data.

They will sit in our classes and will talk with committees.
All Campus Preparation

We want everyone familiar with BC’s:

Facilities & Sustainability Committee in the ISER

Standard III.B: Physical Resources

Additionally:

◦ Historical context of Measure J
◦ Facilities Master Plan
◦ Strategic Directions: Facilities and Technology
◦ Program Review : Program’s resource request
Standard III.B: Physical Resources Language

“In recognition that a supportive learning environment needs safe and sufficient physical resources, BC assures safe physical resources in support of our mission via several avenues: around-the-clock public safety service, updating security and safety features of buildings and other physical resources, and getting input from employees and students on maintenance needs.”
Standard III.B: Physical Resources

Bakersfield College’s commitment to the maintenance and upgrade of physical resources could not be clearer: the college has secured two bonds, with the most recent bond bringing over $415 million directly to BC for facilities and infrastructure upgrades.

Our Facilities & Sustainability Committee tracks and assesses the ongoing short- and long-range capital plans detailed in our Facilities & Technology Strategic Direction and Facilities Master Plan.
Standard III.B: Physical Resources

Our *Facilities & Sustainability Committee* tracks and assesses the ongoing short- and long-range capital plans detailed in our Facilities & Technology Strategic Direction and Facilities Master Plan.
Standard III.B: Physical Resources

**Standard:** Are our physical resources safe and do we have sufficient physical resources?

**Response:** We have a scheduled maintenance plan and with the help of Measure J we are meeting the space needs for future generations. Additionally, via the Program Review process additional resources are requested and prioritized.
Standard III.B: Physical Resources

**Standard:** Do we upgrade and maintain our physical resources?

**Response:** Yes! Each year we spend thousands of dollars on scheduled maintenance of existing buildings. Additional needs are also requested through the Program Review Process and those needs are met as money allows.
Standard III.B: Physical Resources

**Standard:** Do we have long range capital plans?

**Response:** Yes, we just completed our Facilities Master Plan which was developed from the input of the Facilities and Sustainability Committee and other ad-hoc groups around campus.
Standard III.B: Physical Resources

**Standard:** Do we keep track of Total Cost of Ownership?

**Response:** Yes, built into the Facilities Master Plan is the analysis of Total Cost of Ownership.
