OPPORTUNITY KNOCKS AT BAKERSFIELD COLLEGE
BUSINESS PATHWAY CAREER EXPO

Wednesday, April 24, 2019 From 9:00 AM to 1:00 PM

Bakersfield College will host the inaugural Business Pathway Career Expo on April 24, 2019 from 9:00AM to 1:00PM on the lawn outside the CSS Building at the main campus on Panorama Drive.

The Business Pathway Career Expo offers the unique opportunity for students and the community to engage with local business leaders to learn more about the field of study and gain valuable professional experience through job placements and internships. Students of Bakersfield College will learn about various careers in Business Administration and Entrepreneurship, Computer Science, Economics, and Accounting.

Dean of Instruction at Bakersfield College, Dr. Emmanuel Mourtzanos says the Business Pathway Career Expo is a great way to explore options. He said, “Kern County has a growing workforce and this event encourages students to consider the various in-demand careers of today and tomorrow. Our community grows stronger through integrated and engaged educational opportunities, more college graduates, and secure successful careers.”

The no-cost event is open to students at Bakersfield College and the greater community. Participating local business owners and industry partners already confirmed to be in attendance include Kern County Human Resources Department, Kern County Public Works Department, AppleOne Bakersfield, California Resources Corporation, Morning Wood Industrial Designs, and the US Census.

To learn more about BC’s Business Pathway including all degrees and certificates offered at Bakersfield College, visit www.Bakersfieldcollege.edu.

Bakersfield College provides opportunities for students from diverse economic, cultural, and educational backgrounds to attain Associate and Baccalaureate degrees and certificates, workplace skills, and preparation for transfer. Our rigorous and supportive learning environment fosters students’ abilities to think critically, communicate effectively, and demonstrate competencies and skills in order to engage productively in their communities and the world.
