BAKERSFIELD COLLEGE PRESENTS GARDEN FEST 2019
SATURDAY, APRIL 27, 2019 FROM 9:00 AM TO 4:00 PM AT THE RENEGADE PARK

The Bakersfield College Horticulture Department presents Garden Fest 2019 on Saturday, April 27, 2019 beginning at 9:00 AM until 4:00 PM. Admission and parking at the Panorama campus for the event is free.

About the Event
Garden Fest at Bakersfield College, now in its fourteenth year, has become Bakersfield’s premier springtime garden event. Garden Fest is an open house featuring the Environmental Horticulture and Agriculture programs that draw thousands of visitors to the Bakersfield College Panorama campus for a day of family fun. With over 100 vendor booths featuring gardening, pets, farmer’s market, cooking, outdoor leisure, arts and crafts, and environmentally friendly home improvement ideas.

A waterfall building demonstration will be presented by Buck’s Landscape Materials and Pond Shop with Mike and AJ. A waterfall can be a great addition to add water movement and visual beauty to any patio or small yard. This demonstration will begin at 9:00 AM.

Attendees will also learn about gardening at the Garden Fest seminars at the California Landscape Contractors Association (CLCA) Country Garden Stage featuring The Country Garden Radio program from KERN 1180AM/96.1FM radio with a live radio broadcast beginning at 8:00 AM to 10:00 AM. The interactive Garden Fest seminars are hosted by Bakersfield College’s Plant Professor, Professor Lindsay Ono and landscape industry professional The Sultan of Sod, Dale Edwards from Old River Sod. The Country Garden duo will make you laugh and learn and they will be joined in the seminars by industry professionals to demonstrate and talk gardening and answering your questions.

Bakersfield College provides opportunities for students from diverse economic, cultural, and educational backgrounds to attain Associate and Baccalaureate degrees and certificates, workplace skills, and preparation for transfer. Our rigorous and supportive learning environment fosters students’ abilities to think critically, communicate effectively, and demonstrate competencies and skills in order to engage productively in their communities and the world.
