Classrooms are located on the second floor of the Fresno Pacific building and are equipped with PowerPoint capability and select rooms are available to hold up to 35 and 60 students.

On Tuesday, May 15, 2018 from 12PM to 5PM, Bakersfield College will host an express enrollment event to help students register for open late start classes. “This is an awesome opportunity for my peers who still need to enroll in courses for this spring, especially if they are living or working in the south and northwest area, or if they need that one night or weekend course to catch up,” said Bakersfield College Student Government Association (BCSGA) President.

Bakersfield College offers a rigorous and supportive learning environment that fosters students’ abilities to think critically, communicate effectively, and demonstrate competencies and skills in order to engage productively in their communities and the world, while simultaneously contributing to the intellectual, cultural, and economic vitality of the communities it serves.
