Bakersfield College
Food and Nutrition
Program Philosophy

The BC Food and Nutrition Program offers an award-winning production program that integrates theoretical and practical course work, preparing students for the food service workforce. Completion of the appropriate courses can lead to an Associate Degree and/or a Certificate in Culinary Arts, Food Service Management and Dietetic Services. Students who participate in these courses gain an understanding of nutrition, production techniques and management procedures.

Students attend lecture classes on basic cooking skills and then are able to apply those skills in a lab setting where they learn the various aspects of a fully operational kitchen and dining room. The program emphasizes a hands-on curriculum which is utilized in the Food and Nutrition Program's student-operated restaurant, The Renegade Room.

We participate in fundraising activities for our own program but also contribute to our community events as well. This gives our students an opportunity to experience another facet of the food service industry, a better understanding of how to stage off-site events and a glimpse of the overall collaboration required for major campus events.

Pricing/Parking Tuesday Night Fine Dining is $13.50; Wednesday Lunch choices range from $8.50 to $12.95; Thursday Night Buffet Service is $13.95. Price does not include beverage or tax. Gratuities are graciously accepted, and monies collected are used to help support the Renegade Room foundation. We accept cash, Visa, MasterCard, and personal checks. Parking is free for our dining guests.

Thank You! The staff and students would like to thank you for your continued support. Please remember this is a classroom where students' performance improves as the semester proceeds. Constructive criticism is welcome. The class session ends at 7:00 pm, therefore your departure from the dining room no later than 7:30 is appreciated and allows students to perform their end of class activities in a timely manner. Thank You!
