PURPOSE: The purpose of the Student Success Stewardship Team (SSST) is to shepherd the work of the college as it relates to Quality Progression and Completion that is fiscally sustainable. Specifically, the work is tied to the Strategic Directions 1 and 2: Student Learning, and Student Progression & Completion.

The strategy maps for this goal describe the initiatives and the data strands associated with tracking progress on the work.
**SSST CHARGE:** SSST will meet five to six times a year with the intent to stay connected on the major pieces of institutional work. This big picture understanding establishes the confidence locally to respond effectively and in a timely manner to potential barriers to student success.

- Establish connections with the projects, initiatives, and ongoing work of guiding Bakersfield College students to success
- Identify and communicate linkages between student success projects and programs
- Share student success information and outcomes with the campus community and other stakeholders
- Help strengthen college systems to support student success
- Help each other keep a sense of the larger picture even as individuals or committees are working at a focused level

**MEMBERSHIP:** Since the primary purpose is to ensure convergence, integration, connectedness, and communication, this group includes representation from all the major projects and initiatives on campus. The meetings are open.

- MIH Mentors
- Classroom Interventionists
- Equity & Inclusion
- Outreach
- Counseling
