2018-19 Accomplishments
(Technology Support Services – Todd Coston)

Updated: 5/28/19

Strategic Direction #3 – Facilities and Technology
• In collaboration with the ISIT committee, reviewed and prioritized technology requests from the Annual Program Review process and evaluated and assessed the new prioritization process. [ISIT goal #3 for 2018-2019]
• Coordinated the seamless transition of technology when FPU vacated the current BC Southwest site.
• Helped coordinate the cafeteria move to the swing space on Mt. Vernon as it relates to providing an internet connection and setting up technology.
• Participated in the development of the BC Southwest portables plan and design for bringing in technology to support the classes and administration in those units.
• Participated in the design and development of the BC Southwest final building related to technology.
• Participated in the design and development of the Delano HVAC project at the Delano campus as it relates to technology.
• Participated in the design and development of the new Gym and Science and Engineering buildings as it relates to technology.
• Completion of phase 1, all internal buildings, of the bond funded wifi expansion project.

Strategic Direction #4 – Leadership and Engagement
• Co-led the communication team that interacted with every governance committee and prepared them for the ACCJC visiting team for the September 2018 accreditation visit.
• Worked with AIQ to develop an addendum to our Strategic Directions plan to include the Vision for Student Success goals and alignment.
• Chaired the Budget Analyst, Systems Support Specialist II, and Systems Support Specialist I screening committees.
• Participated on the Vice President of Instruction, Child Development Center Director, and Program Manager for Academic Technology screening committees.
• Chaired the Administrative Structure Review team where we did a comprehensive evaluation of the management organization structure and responsibilities and made recommendations to College Council and the president.
- Co-managed the coordination and review of instructional assets purchased with the lottery funds.
- Attended the Connecting The Dots conference to better understand the Vision for Student Success goals and how to bring the college into alignment.
- Co-organized the Classified Appreciation Event with Bill Potter.
- Organized and prepped 5 classified speakers for the BC hosted Board of Trustees luncheon.
