2018-2019 Goals

**Strategic Direction #1: Student Learning**

Goal #1:
Develop computer lab standards document that identifies minimum desktop space required in computer labs for student materials. *(SD 3.11)*

*Measurement:*
Finalized document posted to ISIT web site.

*Estimated Completion:* June 30, 2019

**Strategic Direction #3: Facilities and Technology**

Goals #1:
Provide input, guidance, and oversight on the technology design for new buildings (primarily funded by Measure J).

*Measurement:*
Finalized plans for each building showing appropriate technology layout and connections.

*Estimated Completion:* June 30, 2019

Goal #2:
Complete the Wi-Fi expansion project on the BC and Delano campuses for all internal spaces. *(SD 3.9)*

*Measurement:*
Completed Wi-Fi heat map that shows coverage in all internal spaces posted to ISIT web site.

*Estimated Completion:* December 31, 2018

Goal #3:
Develop and document plan for providing internet access for classes held on non-BC sites. *(SD 3.14)*

*Measurement:*
Finalized documented plan posted to ISIT web site.

*Estimated Completion:* March 30, 2018
Strategic Direction #4: Leadership and Engagement

Goals #1:  
Co-lead project to norm the campus on the ISER document and educate and inform the BC community in preparation for accreditation site visit.

Measurement:  
Documented plan and timeline, followed by implementation of plan. Sign-ins for each education session.

Estimated Completion: October 1, 2018
