Maria Wright, Director of Academic Support Services
2016-2017 Accomplishment

1. **Technology Integration**
   1. Led the successful implementation of AccuSQL as the tracking software for student support services in all of the centers across campus.
      a. Partnered with Completion Coaches to provide weekly reports of student visits.
      b. Facilitated the automation of weekly visits reports to faculty across the campus.

2. **Extend the Classroom**
   1. Participated in the planning and implementation efforts for the ENGLB53 and Math 60/65 Extend the Classroom initiative.
   2. Collected and reported baseline data for F’16 to explore modifications for S’17.

3. **Data**
   1. Led the efforts as a principle investigator in collecting data about:
      a. Student learning and engagement focus group for the AACC institutes.
      b. Engineered the Student Worker Satisfaction survey and focus group.
      c. Helped with the facilitation of African American student perception in the math class focus group.
      d. Led the efforts in developing a survey for Veteran students’ engagement and retention.

4. **Academic Support Services**
   1. Revamped the funding model for Support Services by aligning pathway critical gateway courses as priority in the funding formula.
   2. Implemented monthly meetings and professional development opportunities for the Academic Support Services Department.
   3. Secured funding for the Tutoring Center staff (main campus and Delano) to attend the Association of Colleges for Tutoring and Learning Assistance (ACTLA) conference.
   4. Established the Extended Study (ES) space as a space for independent study.
      a. Hired and trained six peer mentors to help provide support and referrals to students in the (ES).
      b. Collaborated with the Program Manager for Probation and Disqualification to track student visits and provide weekly reports.
