### Strategic Direction #1: Student Learning at High Schools

#### Tutoring & Testing Preparation
Work in collaboration with the Project Director and Consortium Board Members to ensure student learning and preparation for college.

- Placement of academic tutors in Math, English, and/or AVID classrooms at each high school.
- Provide guidance with college required testing preparation (i.e. SAT, ACT, Placement Exams/Assessments)

#### Strategic Direction #2: Progression and Completion

#### ACCESS

#### Enrollment & Matriculation
Work in collaboration with the Project Director and the Consortium Board Members representing all systems of higher education to organize local and rural high schools in completing the matriculation process. The goal is to increase the number of first-time freshman students completing college and financial aid application.

- Work in collaboration with school administrators, counselors and staff to include all system of higher education workshops in master calendars (numbers not including BC specific workshops):
  - 39 Community College Workshops
  - 60 CSU Application Workshops
  - 50 UC Application Workshops
  - 4 Common Application/Private Workshops

**Bakersfield College**
Work in collaboration with the BC Outreach and School Relations Office.

- Organize placement of staff to provide outreach to high school students and align with the Guided Pathways Momentum Points

### 2018-2019 Accomplishments

#### Strategic Direction #1: Student Learning at High Schools

#### Tutoring & Testing Preparation
- Placed 21 College Peer Advisors/Academic Tutors in English, Math and/or AVID classes
- Professional Development for Site Supervisor, Field Advisors and College Advisors on SAT, ACT, Placement Exams/Assessments
  - UC/CSU Eligibility Index/Requirements
  - 2018 College Board Counselor Workshop (CSUB)
  - College Board Newsletter
  - SAT Question of the Day

#### Strategic Direction #2: Progression and Completion

#### ACCESS

#### Enrollment & Matriculation
Worked in collaboration with school administrators, counselors and staff to schedule workshops and provide Cal-SOAP support at 26 high schools (21 comprehensive & 5 continuation) for the following:

- 45 Application Workshops
### Southern San Joaquin Valley
#### California Student Opportunity & Access Program (Cal-SOAP)

**2018-2019 Accomplishments**

*Imelda Simos-Valdez, Director*

*Maria Baltazar, Program Manager*

**Priority Registration**
- Continue to collaborate with high schools to allow students to complete the matriculation process during school for the opportunity to be considered for priority registration
- Train staff to encourage high school students to register for 15 units for the Fall Semester and to complete college level Math and English in their first year of college
- Organize matriculation steps, registration, and other high school student activities within 26 high schools

**Financial Aid**
Work with high school counselors at 26 campuses to encourage seniors to complete a FAFSA or California Dream Act Application. Organize annual trainings on FAFSA and CADAA for Cal-SOAP Professional Experts and High School Counselors.
- Schedule and organize staffing and volunteers during financial aid workshops provided during the school day at Cal-SOAP high schools.
- Work with schools to schedule two Cash for College evening workshops per school site to allow parents the opportunity to ask questions and help the students thoroughly complete an application.
- Train staff to work with students to create a Webgrants4Students account to ensure they have a GPA upload (Cal-Grant Application), verified high school graduation, and updated school selection.
- Provide outreach to students on General Application for Scholarships

**Bakersfield College**
Provide outreach and assistance to navigate the BC Campus Logic System and BankMobile

**BC Affinity Groups Served**
Organize outreach and assistance on program recruitment for the following:
- EOPS/CARE/CalWORKs/TANF

**23 New Student Workshops**
**18 Registration Rocks – with an emphasis on the Guided Pathways Momentum Points**

In collaboration with BC Outreach, provided trainings to Cal-SOAP staff on the BC matriculation process and the importance of encouraging high school students to register for 15 units for the Fall Semester and to complete college level Math and English in their first year of college

**Financial Aid**
Worked in collaboration with school administrators, counselors and staff to include financial aid workshops in master calendars:
- 71 Financial Aid Workshops - school hours
- 50 Cash for College Workshops - evening
- 28 Webgrants4Students
- Scholarship Applications
- Scheduled and organized staffing and volunteers for financial aid workshops.

**Trainings provided to staff:**
- Federal Student Aid (FAFSA)
- California Student Aid (Cal-Grants)
- Webgrants4Students
- Webgrants for Administrators (GPA uploads & CSAC Reports)
- Chafee
- CSAC High School Counselors Trainings
- CSAC webinars
- BC Campus Logic & BankMobile

**BC Affinity Groups Served**
Organized outreach and assistance on program recruitment for the following:
- EOPS/CARE/CalWORKs/TANF
Southern San Joaquin Valley
California Student Opportunity & Access Program (Cal-SOAP)

- DSPS
- African American
- Kern Promise

- Finish in 4
  - Trained all Cal-SOAP staff on Finish in 4
  - Encouraged HS students to complete the online survey to receive additional information on transfer from BC.

---

**Strategic Direction #3: Facilities & Technology**

**High School**
Work in collaboration with the Project Director and high school administrators to secure facilities and access to technology for all Cal-SOAP employees.

- Office space with computers, printer, telephone, and filing cabinet
- Access to internet/email and students
- Open spaces and computer labs for workshops

**Strategic Direction #3: Facilities & Technology**

**High School**
All Cal-SOAP employees had access and were provided the following at their assigned school site:

- Office space with computers, printer, telephone, and filing cabinet
- Access to internet/email and students
- Open spaces and computer labs for workshops
Southern San Joaquin Valley
