Chapter 7 – General Personnel/Administration

**7A Compensation Philosophy Statement**

**7A1 Umbrella Statement**–Compensation programs will be designed and administered to support the District in its mission to provide outstanding educational programs and services that are responsive to the educational needs of diverse students and communities. The foundation of all compensation programs will be a commitment to attract, retain, and reward the quality and quantity of employees needed to meet the District’s mission. The compensation programs will be based upon principles of fairness, equity, accountability, and established standards of responsibilities and job performance. The compensation programs will be administered with sound fiscal discipline.
Kern Community College District
Board Policy
Chapter 7 – General Personnel/Administration

7A2 Component Statements

7A2A The Board will be accountable for the establishment of the compensation philosophy and for its periodic review to ensure that there is continued alignment between the District’s mission, goals, human resources objectives, and compensation philosophy. Implementation of compensation programs within the philosophy is a delegated authority of the Chancellor.

7A2B The compensation program will be based on consistent principles of equity throughout the District. This will allow for multiple pay plans to reflect both the teaching and non-teaching business of the District.

7A2C Establishing the value of compensation for faculty will reflect both the qualifications and experience of the incumbent, as well as the teaching role. Establishing the value of compensation for classified staff and management team employees will reflect both the internal value of a position and the value placed on that role in the appropriate market. The internal value will be measured through the sound and consistent application of a proven method of job classification evaluation.

7A2D The primary pay delivery mechanisms for faculty will be based on the educational qualifications of the incumbent and the years of service with the District. This does not preclude the District from establishing other bases for pay delivery. While recognizing that service and tenure yields valued experience, the primary pay delivery mechanisms for classified staff and management team employees will be based on pay for differences in job content (knowledge, accountability, and complexity/problem-solving); satisfactory performance; demonstration of behavioral competencies.

7A2E All aspects of compensation (base salary, benefits and if applicable, lump sum payments and allowances) will be considered as a total compensation package for District employees.

7A2F Total compensation, as defined above, will be targeted at a competitive level when compared to the appropriate labor markets. For faculty, this will include other educational institutions in defined geographic locations and of similar size. For classified staff and management team employees, this will include other educational institutions in defined geographic locations and similar size, as well as other public sector employers and private sector employers in defined geographic locations. Compensation will be targeted
at such a level as to allow the District to attract and retain the quality and quantity of employees it needs to meet or exceed its goals and objectives.

**7A2G** While recognizing the role of Bargaining Units, the District is committed to ensuring that its salary structures are up-to-date through market surveys. There will be a planned approach to ensure that internal equity is maintained.

**7A2H** Compensation will be affordable within the overall fiscal accountability of the Board and in the best interests of the District as an employer and provider of services.
7B Personnel Transactions

7B1 The Chancellor shall nominate or recommend employees, and the Board shall employ from those who have been nominated or recommended by the Chancellor. It shall be the responsibility of the Chancellor to employ and retain well-qualified, competent staff members. 7B2 The suspension or dismissal of an employee of the District shall be made by the Board on the Chancellor's recommendation. The Chancellor may suspend an employee at any time until the next meeting of the Board under provisions of the law.

7B3 The Chancellor is authorized by the Board of Trustees to accept the resignation of any employee. The Chancellor may delegate this responsibility by written designation to District Officers or College Presidents.

7B4 Designation of Emeritus Status

Official recognition of Emeritus status shall provide certain privileges, benefits, and courtesies as defined in Procedure 7B4 of this Manual.

District Human Resources shall maintain a file with contact information of all District employees for whom the status of Emeritus has been granted by the Board of Trustees.

The title of Emeritus may be granted under exceptional circumstances to full-time faculty or administrators who have served fewer than twenty (20) years at the institution and are concluding, or have concluded, a career that demonstrates exceptionally dedicated, honorable and distinguished service to the institution, as determined by the Board of Trustees. Consideration may be initiated by the instructional or service area, or by the College President.

The Emeritus designation shall be acted upon individually in each case upon recommendation of the College President. Consideration may be initiated by the instructional or service area, or by the College President. The College President shall make recommendations to the District Chancellor for consideration, and the Chancellor shall make a recommendation to the Board of Trustees for action with respect to Emeritus designation.

7D2 Unlawful Discrimination

All forms of discrimination and harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation. It shall also be free of other unlawful discrimination, including that which is based on any of the following statuses: national origin, religion, age, sex (gender), race, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, or because he or she is perceived to have one or more of the foregoing characteristics.
7D2A Prohibition of Harassment

7D2A The Kern Community College District shall provide an expeditious and effective process for resolution of complaints by staff and students of unlawful discrimination and/or harassment in violation of this policy by staff and students. This process, as described below, will apply to discrimination based on military and veteran status, national origin, religion, age, sex (gender, including Title IX, Gender Equity Violations), gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics or based on association with a person or group with one or more of these actual or perceived characteristics. In accordance the State law, the District shall accept complaints filed within one (1) year of the alleged discrimination. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence.

The District seeks to foster an environment in which all employees, students, applicants for employment, and applicants for admission feel free to report incidents of sexual harassment in violation of this policy and Title IX, without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of sexual harassment in violation of this policy and Title IX or for participating,
or refusing to participate, in a sexual harassment investigation. The District will investigate all allegations of Title IX retaliation swiftly and thoroughly. If the District determines that someone has retaliated, it will take reasonable steps within its power to stop such conduct. Individuals who engage in Title IX retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Responding to Harassment Based on Sex under Title IX

Introduction

The District encourages members of the District community to report sexual harassment. This procedure only applies to conduct defined as sexual harassment under Title IX and applicable federal regulations and that meet Title IX jurisdictional requirements. The District will respond to sexual harassment and sexual misconduct that falls outside that definition and outside the jurisdiction of the Title IX federal regulations using California law and applicable District policies and procedures. In implementing these procedures discussed below, the District will also provide
supportive measures, training, and resources in compliance with California law, unless they are preempted by the Title IX regulations.

**Title IX Coordinator**

Questions concerning Title IX may be referred to the District Title IX Coordinator whose contact information is below.

District Office
Kern Community College District
2100 Chester Avenue
Bakersfield, CA 93301
661-336-5141

The Title IX Coordinator is required to respond to reports of sexual harassment or misconduct. The Title IX Coordinator will handle information received with the utmost discretion and will share information with others on a need-to-know basis. For example, the Title IX Coordinator may need to address public safety concerns on campus, comply with state and federal legal requirements, or share information to implement supportive measures.

A report of sexual harassment to the Title IX Coordinator does not necessarily lead to a full investigation, as discussed more fully in AP 7D4A. However, the Title IX Coordinator will make an assessment to determine if there is a safety risk to the campus. If the Title IX Coordinator finds there is a continued risk, the Title IX Coordinator will file the formal complaint without the Complainant's consent or cooperation.
Kern Community College District
Board Policy
Chapter 7 – General Personnel/Administration

7E  Code of Ethics

The Kern Community College District recognizes that a commitment to the highest ethical and professional standards on the part of all persons associated with the District is necessary to fulfilling our mission and realizing our vision, which are policies of the District. This code of ethics is based on two (2) fundamental principles.

The first is recognition of the dignity of all persons, which respects the inherent value and worth of each person. The second principle is a commitment to fulfilling our obligations to others using fair and honest means. All associates in the Kern Community College District, faculty, students, management, classified staff, and trustees, as well as volunteers and vendors, each bear personal responsibility for their own ethical behavior and for the ethical stature of our organization. We are committed to fulfilling the Kern Community College District’s mission. While we recognize the relationship between law and ethics, we further understand that legal requirements are necessary but not sufficient, and we endeavor always to do what is right and just, even when no one is watching, compelling, or evaluating our actions.

7E1  Respect for Persons and Academic Freedom

7E1A  The inherent dignity of all persons requires that we conduct ourselves with civility in all circumstances of our professional lives. This means that we do not participate in or accept, condone, or tolerate physical or verbal forms of aggression, threat, harassment, ridicule, or intimidation. The District is an institution of higher education and especially values a spirit of free inquiry and free speech. The District encourages the expression of a range of points of view, but we expect all expressions of content to be conducted in a manner respectful of persons. The District nurtures an atmosphere of mutual respect by treating everyone with dignity, even when the values, beliefs, or behavior of a person or group is different from our own. The District recognizes this foundation of mutual respect to be the basis of civil discourse in an academic environment.
**7E1B** The District further protects the dignity of persons by maintaining the boundaries of both necessary and appropriate confidentiality, and by prohibiting the exploitation of all persons through sexual harassment or financial, professional, or any other form of exploitation. The District seeks to develop policies, procedures, and practices which are both compassionate and fair. In order to assure that we are fair in our policies, procedures, and practices regarding the dignity and worth of persons, the District specifically prohibits discrimination based on race, color, ethnic group identification, ancestry, religion, gender, sexual orientation, national origin, age, and physical or mental disability. While this prohibition is necessary, it is the genuine valuing of diversity that serves to create the general atmosphere in which persons can thrive and realize their potential.

**7E2 Fairness and Honesty**

**7E2A** The District desires to participate in a healthy work environment which emphasizes the achievement of our common purpose and the development of our potential as individuals and as an organization.

**7E2B** The District will actively work to build the trust necessary to conduct its mission through open, honest, and fair practices and communications at all levels.

**7E2C** The District values and practices the sharing of information, transparency of policy, and consistency of practice in all its dealings.

**7E2D** The District does not tolerate or condone dishonest practices, such as lying, stealing, plagiarizing, cheating, or deliberate misrepresentation of self, program, or information.

**7E2E** The District does not tolerate the misappropriation of resources of any kind, either through misuse of property, time, equipment, or systems, or through inaccurate reporting which results in personal or group gain.

**7E2F** The District develops and uses systems for the prohibition of bias, and for the reporting of conflict of interest, including conflicts resulting from work relationships in which employees have more than one (1) role in relation to another person, resulting in social pressures on professional conduct.

In those circumstances where such conflicts cannot be avoided and/or are considered minor in scope, we will commit to open and transparent consultation with supervisors and colleagues in order to protect individual rights, professional reputations, and the ethical reputation of our institution.

**7E2G** The District will engage in self-monitoring and open information sharing to assure fairness in the distribution of resources necessary to support its mission.

**7E3 Competence**
7E3A The Kern Community College District recognizes the importance of competence to the effectiveness and trustworthiness of its endeavors. The District maintains currency in all areas of responsibility and seeks and uses feedback for improved performance, while also recognizing and celebrating performance achievements. The District is aware of and will behave in accordance with the policies and practices of its various professional associations and share these practices with students and colleagues.

7E3B The District will further acknowledge and seek intervention related to impediments to competent performance, including but not limited to continuing education needs, drug and alcohol abuse, and physical or mental impediments to competent performance of our duties. The District will use appropriate systems to support rehabilitation and/or accommodation.

7E4 Conclusion

7E4A The Kern Community College District celebrates its existence as a unique institution for the realization of human potential in the geographic area it serves and through the global connections fostered by its online programs.

7E4B The District prizes most highly the education and achievements of students, and the fostering of lifelong learning throughout its organization.

711 An employee with identified chronic communicable disease or infectious condition shall be permitted to continue in the workplace whenever, through reasonable accommodation, the employee is physically and mentally capable of fulfilling his/her duties satisfactorily and so long as the best available medical evidence indicates that continued employment does not present a health and safety threat to themselves or to others.

712 Employment decisions by the Board of Trustees will be made after using available public health department guidelines concerning the particular disease or condition, the physician's recommendation, the law and the factual assessment of the following:

- the risks associated with how the disease or condition is transmitted;

Policy Statement

The Kern Community College District strongly supports creating a safe working environment for all of its employees. The purpose of this policy is to provide a reasonable and organized method of maintaining a safe environment for students, faculty, visitors, and staff of the District and Colleges during emergency situations.

The Chancellor and/or President shall establish an emergency response plan and procedures that ensure that the District and/or College implement a plan to be activated in the event of an emergency, or when a natural disaster or hazardous condition occurs. The District and Colleges shall maintain an incident command team to aid in the creation, maintenance, updating, and implementation of its emergency plan and procedures.

In the event of an emergency, natural disaster, or the occurrence of a hazardous condition the District and Colleges will activate its emergency response plan and procedures to protect and govern employees, students, visitors, and children in childcare programs in district-owned or operated facilities.

This policy shall be used in conjunction with the procedures currently in place and being utilized by the local jurisdictions having emergency response responsibilities.

The District and College emergency response plans shall provide for the implementation of California’s Standardized Emergency Management System (SEMS) & National Incident Management System (NIMS); and incorporate the functions and principles of the Incident Command System (ICS), the Master Mutual Aid Agreement (MMAA), and any other relevant programs. The District and Colleges will comply with SEMS and NIMS to be eligible for state or
federal funding of response-related costs. Field operations during an incident will be organized and conducted using the Incident Command System (ICS).

**7J3** Public Employee Disaster Service Worker (DSW) Designation

As public employees, District and College personnel are disaster service workers during national, state, and local emergencies. (California Government Code Sections 3100 - 3109)

(See Procedure 7J4 of this Manual)

**7J5** Roles and Responsibilities

In an emergency, lines of authority may change. Employees may be assigned to report to any member of the Incident Command System (ICS) team. This may or may not be the employees' regular supervisor or manager. Employees will follow the direction of the ICS team members during an emergency. All employees will follow the directions of uniformed responders (law enforcement, fire, etc.) at all times.

Emergency response often requires decisions to be made quickly under adverse conditions. Emergency or disaster conditions may require actions which are not listed in the emergency response plan, or which run counter to guidelines suggested. The District, its management, employees, students, and volunteers duly pressed into service during a local emergency or disaster shall act prudently while being protected by the privileges and immunities from liability as provided by law.

**7J6** Training and Preparedness

The District shall determine the appropriate level(s) of SEMS and NIMS training for each of its employees. The determination shall be dependent upon an employee’s potential assignment during an emergency response situation.

**7J7** Emergency Response Plan

In the event of an emergency, natural disaster, or the occurrence of a hazardous condition, the District and/or College will activate its emergency response plan and procedures to protect and govern employees, students,
visitors, and children in childcare programs on a college campus and in district-owned or operated facilities. (See Procedure 7J7 of this Manual)

Training of: (a) all employees when the training program is first established, (b) all new employees, (c) all employees given a new job assignment, and (d) employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the District receives notification of a new or previously unrecognized hazard.
Maintenance or appropriate records of steps taken to implement and maintain the program.

The District retains the right to reassign or transfer any person to eliminate the potential to create an adverse impact on supervision, safety, security, or morale, or involve other potential conflicts of interest.

AP 7D2A   Prohibition of Harassment and Prohibition of Sexual Harassment under Title IX

The District is committed to providing an academic and work environment free of unlawful harassment and unlawful sex harassment under Title IX. This procedure defines sexual harassment and other forms of harassment on campus and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure and the related policy protects students, employees, unpaid interns, and volunteers in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, a District bus, or at a class or training program sponsored by the District at another location.

Definitions

General Harassment: Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation of any person, military and veteran status, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Harassment shall be found where, in aggregate, the incidents are sufficiently pervasive, persistent, or severe that a reasonable person with the same characteristics as the victim of the harassing conduct would be adversely affected to a degree that interferes with his or her ability to participate in or to realize the intended benefits of an institutional activity, employment, or resource. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person’s competency to do the job, when based on that person’s gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

Verbal: Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person’s race gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome
flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation or other protected status.

Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

Visual or Written: The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics, or electronic media transmissions.

Environmental: A hostile academic or work environment may exist where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual’s learning or work.

Sexual Harassment under Title IX: Conduct that satisfies one or more of the following: In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:

• A District employee conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct (quid pro quo harassment);
• Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity;
• Sexual assault, including the following:

  • **Sex Offenses**. Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

  • **Rape** (except Statutory Rape). The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity. There is carnal knowledge if there is the slightest penetration of the genital or anal opening of the body of another person.

  • **Sodomy**. Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity.

  • **Sexual Assault with an Object**. To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything the offender uses other than the offender's genitalia, e.g., a finger, bottle, handgun, stick.

  • **Fondling**. The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity.

  • **Sex Offenses, Non-Forcible Unlawful, Non-Forcible Sexual Intercourse**. **Incest**. Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

  • **Statutory Rape** – Non-Forcible. Sexual intercourse with a person who is under the statutory age of consent. There is no force or coercion used in Statutory Rape; the act is not an attack.

  • **Dating violence**. Violence against a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a relationship will be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

    ✓ By a current or former spouse or intimate partner of the victim;
By a person with whom the victim shares a child in common;

By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;

By a person similarly situated to a spouse of the victim under the domestic or family violence laws of California; or

By any other person against an adult or youth victim protected from that person’s acts under the domestic or family violence laws of California.

- **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her/their safety or the safety of others or suffer substantial emotional distress.

**Consensual Relationships**

Romantic or sexual relationships between supervisors and employees, or between administrators, faculty, or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty or staff member must evaluate the student’s or employee’s work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the Chancellor or designee has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the Chancellor or designee is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

**Academic Freedom**

No provision of this Administrative Procedure shall be interpreted to prohibit conduct that is legitimately related to the course content, teaching methods, scholarship, or public commentary of an individual faculty member or the educational, political, artistic, or literary expression of students in classrooms and public forums. Freedom of speech and academic freedom are, however, not limitless and this procedure will not protect speech or expressive conduct that violates federal or California anti-discrimination laws.
Title IX Harassment Complaints, Investigations, and Hearings
These Title IX sexual harassment procedures and the related policy protect students, employees, applicants for employment, and applicants for admission.

Jurisdictional Requirements – Application of Procedures
These procedures apply if the conduct meets the following three jurisdictional requirements:

- The conduct took place in the United States;
- The conduct took place in a District “education program or activity.” This includes locations, events, or circumstances over which the District exercised substantial control over both the Respondent and the context in which the harassment occurred, including on-campus and off-campus property and buildings the District owns or controls or student organizations officially recognized by the District own or control.
- The conduct meets the definition of Title IX “sexual harassment.”

Definitions

Advisor: Throughout the grievance process, both the Complainant and Respondent have a right to an Advisor of their choice. If a Party does not have an Advisor at the time of the hearing, the District must provide the Party an Advisor of the District’s choice, free of charge. The District may establish restrictions regarding the extent to which the Advisor may participate in the proceedings as long as the restrictions apply equally to both Parties.

Complainant: A Complainant is an individual who alleges he/she/they is the victim of conduct that could constitute sexual harassment.

Consent: Consent means affirmative, conscious, and voluntary agreement to engage in sexual activity. Both Parties must give affirmative consent to sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he/she/they has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest, lack of resistance, or silence does not indicate consent. Affirmative consent must be ongoing throughout a sexual activity and one can revoke his/her/their consent
at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, is not an indicator of consent.

The Respondent’s belief that the Complainant consented will not provide a valid defense unless the belief was actual and reasonable, based on the facts and circumstances the Respondent knew, or reasonably should have known, at the time of the incident. A Respondent’s belief is not a valid defense where:

- The Respondent’s belief arose from the Respondent’s own intoxication or recklessness;
- The Respondent did not take reasonable steps to ascertain whether the Complainant affirmatively consented; or
- The Respondent knew or a reasonable person should have known that the Complainant was unable to consent because the Complainant was incapacitated, in that the Complainant was:
  - asleep or unconscious;
  - unable to understand the fact, nature, or extent of the sexual activity due to the influence of drugs, alcohol, or medication; or
  - unable to communicate due to a mental or physical condition.

**Decision-Maker:** The person who will oversee the live hearing and make a determination of responsibility. Decision-Maker cannot be the Title IX Coordinator or the investigator.

**Formal Complaint:** A written complaint signed by the Complainant or Title IX Coordinator, alleging sexual harassment and requesting an investigation. If the Title IX Coordinator signs the formal complaint, he/she/they will not become a Party to the complaint.

**Parties:** As used in this procedure, this means the Complainant and Respondent.

**Respondent:** A Respondent is an individual reported to be the perpetrator of conduct that could constitute sexual harassment.

**Sexual Harassment under Title IX:** Conduct that satisfies one or more of the following:

- A District employee conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct (*quid pro quo* harassment);
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity;
• Sexual assault, including the following:

• **Sex Offenses.** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

• **Rape (except Statutory Rape).** The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity. There is carnal knowledge if there is the slightest penetration of the genital or anal opening of the body of another person.

• **Sodomy.** Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity.

• **Sexual Assault with an Object.** To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything the offender uses other than the offender's genitalia, e.g., a finger, bottle, handgun, stick.

• **Fondling.** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her/their age or because of his/her/their temporary or permanent mental or physical incapacity.

• **Sex Offenses, Non-Forcible Unlawful, Non-Forcible Sexual Intercourse.**
  - **Incest.** Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
  - **Statutory Rape – Non-Forcible.** Sexual intercourse with a person who is under the statutory age of consent. There is no force or coercion used in Statutory Rape; the act is not an attack.

• **Dating violence.** Violence against a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a relationship will be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

• **Domestic Violence.** Violence committed:
  - By a current or former spouse or intimate partner of the victim;
• By a person with whom the victim shares a child in common;

• By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;

• By a person similarly situated to a spouse of the victim under the domestic or family violence laws of California; or

• By any other person against an adult or youth victim protected from that person’s acts under the domestic or family violence laws of California.

• **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her/their safety or the safety of others or suffer substantial emotional distress.

**Reporting Options**

Any individual may report sexual harassment to the District's Title IX Coordinator.

The District strongly encourages prompt reporting of sexual harassment. Prompt reporting allows for the collection and preservation of evidence, including physical evidence, digital media, and witness statements. A delay may limit the District’s ability to effectively investigate and respond.

Because individuals may be deterred from reporting incidents of sexual harassment if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform individuals that the primary concern is for student and employee safety and that use of alcohol or drugs never makes a Complainant at fault for sexual harassment. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.

Individuals have the opportunity to decide whether they want to pursue a formal Title IX complaint. Reporting sexual harassment to the Title IX Coordinator does not automatically initiate an investigation under these procedures. A report allows the District to provide a wide variety of support and resources to impacted individuals and to prevent the reoccurrence of the conduct. A Complainant or the Title IX Coordinator filing a formal complaint will initiate an investigation.

If there are parallel criminal and Title IX investigations, the District will cooperate with the external law enforcement agency and will coordinate to ensure that the Title IX process does not hinder legal process or proceedings.

The District will document reports of sexual harassment in compliance with the Clery Act, a federal law requiring data collection of crime within the campus geography. Under the Clery Act, the District does not document personal information; the District reports the type of conduct, and the time, date, and location. (Also see BP/AP 3540 Sexual and Other Assaults on Campus.)
**District Employees and Officials with Authority**

District Officials with Authority are not confidential resources and are required to report allegations of sexual harassment to the Title IX Coordinator promptly. All other employees are encouraged to report allegations to the Title IX Coordinator but are not required to do so.

The District has designated the following employees as Officials with Authority:

- Supervisors
- Other officials as deemed necessary

Officials with Authority are required to report all relevant information they know about sexual harassment including the name of the Respondent, the Complainant, any other witnesses, and the date, time, and location of the alleged incident.

**Intake and Processing of Report**

**Receipt of Report**

After receiving a report of sexual harassment, the Title IX Officer will contact the Complainant and reporting party to explain rights under this policy and procedure and invite the Complainant to an in-person meeting. The Title IX Officer will discuss supportive measures with the Parties.

**Timeframe for Reporting**

To promote timely and effective review, the District strongly encourages individuals to report sexual harassment as soon possible because a delay in reporting may affect the ability to collect relevant evidence and may affect remedies the District can offer.

**Supportive Measures**

Supportive measures are non-disciplinary, non-punitive individualized services offered free of charge to the Complainant or the Respondent regardless of whether a formal complaint has been filed. The District will provide the Complainant and Respondent with supportive measures as appropriate and as reasonably available to restore or preserve equal access to the District’s education program or activities. These measures are designed to protect the safety of all Parties, protect the District’s educational environment, or deter sexual harassment. The District will provide supportive measures on a confidential basis and will only make disclosures to those with a need to know to enable the District to provide the service. Supportive measures may include counseling, extensions of deadlines, other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the Parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

**Removal of Respondent Pending Final Determination**

Upon receiving a report regarding sexual harassment, the Title IX Coordinator will make an immediate assessment concerning the health and safety of the Complainant and campus community as a whole. The District has the right to order emergency removal
of a Respondent, or if the Respondent is an employee, place the employee on administrative leave.

**Emergency Removal**
The District may remove a non-employee Respondent from the District’s education program or activity on an emergency basis after it conducts an individualized safety and risk analysis and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal.

The District may not use emergency removal to address a Respondent’s threat of obstructing the sexual harassment investigation or destroying relevant evidence. Emergency removal is only available to address health or safety risks against individuals arising out of sexual harassment allegations, not to address other forms of misconduct that a Respondent might commit pending the processing of a complaint.

The District’s officer or designee will conduct the individualized safety and risk analysis. If the designated officer determines emergency removal is appropriate, he/she/they or designee will provide the person the District is removing from campus on an emergency basis with a notice and opportunity to attend a meeting and challenge the basis of his/her/their removal. The designated officer or designee will determine whether the emergency removal from campus order is warranted after considering information provided by the Respondent challenging the emergency removal.

**Administrative Leave**
The District may place a non-student employee Respondent on administrative leave during the pendency of a grievance process described in the formal complaint process below. The District will follow any relevant policies, procedures, collective bargaining agreements, or state law in placing an employee on administrative leave.

**Formal Complaint Grievance Process**

**Notice to Parties**
Upon receipt of a formal complaint, the Title IX Coordinator will provide the following notice in writing, to the Parties:

- Notice of the District’s Title IX grievance process;
- Notice of the allegations of alleged sexual harassment with sufficient details known at the time and with sufficient time to prepare a response before any initial interview;
- Statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- Notice that the Parties may have Advisor of their choice, who may be, but is not required to be, an attorney;
• Notice that the Parties may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence whether obtained from a Party or other source; and

• Inform the Parties of any provision in the District’s code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice provided above, the Title IX Coordinator will provide notice in writing of the additional allegations to the Parties.

**Dismissal of Formal Complaint**

The District must investigate the allegations in a formal complaint. However, the District must dismiss the formal complaint and will not process the complaint under these procedures if any of the following three circumstances exist:

- If the conduct alleged in the formal complaint would not constitute Title IX sexual harassment as defined in this procedure;

- If the conduct alleged did not occur in the District’s education program or activity;

- If the conduct alleged did not occur against a person in the United States.

The District has discretion to dismiss a formal complaint or any allegation under the following circumstances:

- If at any time during the investigation or hearing: a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations;

- If the Respondent is no longer enrolled or employed by the District; or

- If there are specific circumstances that prevent the District from gathering evidence sufficient to reach a determination regarding responsibility as to the formal complaint or allegations.

If the District dismissed the formal complaint or any allegations, the Title IX Coordinator shall simultaneously provide the Parties with written notice of the dismissal and reason. The District will also notify the Parties of their right to appeal.

The District may commence proceedings under other policies and procedures after dismissing a formal complaint.
Consolidation of Formal Complaints
The District may, but is not require to, consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against the other Party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Equitable Treatment of the Parties
The District's determination of responsibility is a neutral, fact-finding process. The District will treat Complainants and Respondents equitably. The procedures will apply equally to both Parties. The District will not discipline a Respondent unless it determines the Respondent was responsible for sexual harassment at the conclusion of the grievance process.

Statement of Presumption of Non-Responsibility
The investigation is a neutral, fact-finding process. The District presumes all reports are in good faith. Further, the District presumes the Respondent is not responsible for the alleged conduct. The District makes its determination regarding responsibility at the conclusion of the grievance process.

Bias or Conflict of Interest
The District’s Title IX Coordinator, investigator, Decision-Maker, or any person designated by the District to facilitate an informal resolution process, will not have potential actual bias or conflict of interest in the investigatory, hearing, sanctioning, or appeal process or bias for or against Complainants or Respondents generally. Actual bias is an articulated prejudice in favor of or against one Party or position; it is not generalized concern about the personal or professional backgrounds, positions, beliefs, or interests of the Decision-Maker in the process. The District will ensure that the Title IX Coordinator, investigator, Decision-Maker, and facilitator receive training on:

- The definition of sexual harassment in this procedure;
- The scope of the District’s education program or activity;
- How to conduct an investigation;
- The grievance process including conducting hearings, appeals, and informal resolution processes; and
- How to serve impartially, including avoiding: prejudgment of the facts at issue; conflicts of interest; and bias.

Timeline for Completion
The District will undertake its grievance process promptly and as swiftly as possible. The District will complete the investigation and its determination regarding responsibility or the informal resolution process within 180 calendar days.

When appropriate, the Title IX Coordinator may determine that good cause exists to extend the 180-calendar day period to conduct a fair and complete investigation, to
accommodate an investigation by law enforcement, to accommodate the unavailability of witnesses or delays by the Parties, to account for District breaks or vacations, or due to the complexity of the investigation. The District will provide notice of this extension to the Complainant and Respondent in writing and include the reason for the delay and anticipated timing of completion.

A Party may request an extension from the Title IX Coordinator in writing by explaining the reason for the delay and the length of the continuance requested. The Title IX Coordinator will notify the Parties and document the grant or denial of a request for extension or delay as part of the case recordkeeping.

**Role of Advisor**
The role of the Advisor is to provide support and assistance in understanding and navigating the investigation process.

The Advisor may not testify in or obstruct an interview or disrupt the process. The Title IX Coordinator has the right to determine what constitutes appropriate behavior of an Advisor and take reasonable steps to ensure compliance with this procedure.

A Party does not have a right to self-representation at the hearing; an Advisor must conduct any cross-examination. The District must provide an Advisor of its choice, free of charge to any Party without an Advisor in order to conduct cross-examination. If an Advisor fails to appear at the hearing, the District will provide an Advisor to appear on behalf of the non-appearing Advisor. To limit the number of individuals with confidential information about the issues, each Party may identify one Advisor.

**Confidentiality Agreements**
To protect the privacy of those involved, the Parties and Advisors are required to sign a confidentiality agreement prior to attending an interview or otherwise participating in the District’s grievance process. The confidentiality agreement restricts dissemination of any of the evidence subject to inspection and review or use of this evidence for any purpose unrelated to the Title IX grievance process. The confidentiality agreement will not restrict the ability of either Party to discuss the allegations under investigation.

**Use of Privileged Information**
The District’s formal complaint procedure does not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally-recognized privilege (e.g., attorney-client privilege, doctor-patient privilege, spousal privilege, etc.), unless the person holding the privilege provides voluntary, written consent to waive the privilege.

**Investigations**
The Title IX Coordinator is responsible to oversee investigations to ensure timely resolution and compliance with Title IX and this procedure.

Both Parties have the right to have an Advisor present at every meeting described in this section.
Trained Investigators
The District will investigate Title IX formal complaints fairly and objectively. Individuals serving as investigators under this procedure will have adequate training on what constitutes sexual harassment and how the District’s grievance procedures operate. The District will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence and complies with this procedure.

Burden of Gathering Evidence
The District, not the Parties, has the responsibility to gather information and interview witnesses. As part of the District’s burden of gathering evidence, the District’s investigator will create an investigative report that fairly summarizes relevant evidence, whether it is inculpatory or exculpatory. The investigator shall not make findings or determinations of law or fact.

Notice of Investigative Interview
The District will provide written notice of the date, time, location, participants, and purpose of all investigative interviews to a Party whose participation is invited or expected, with sufficient time for the Party to prepare to participate.

Evidence Review
Both Parties have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a Party or other source.

Prior to the investigator preparing an investigative report, the District will send to each Party and the Party’s Advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The Parties will have at least ten days to submit a written response. The investigator must consider this written response prior to completing the investigative report.

Investigative Report
The results of the investigation of a formal complaint will be set forth in a written report that will include at least all of the following information:

- A description of the circumstances giving rise to the formal complaint;
- A description of the procedural steps taken during the investigation, including all individuals contacted and interviewed;
- A summary of the testimony of each witness the investigator interviewed;
- An analysis of relevant evidence collected during the investigation, including a list of relevant documents;
• A specific finding as to whether the allegations occurred using a preponderance of the evidence standard;

• A table of contents if the report exceeds ten pages; and

• Any other information deemed appropriate by the District.

The investigator will not make a determination regarding responsibility.

The investigator may redact information not directly related to the allegations or privileged information. However, the investigator will keep a log of information he/she/they do not produce to the Parties. The investigator will provide this log only to the Title IX Coordinator. The Title IX Coordinator will not disclose the log to the Parties but will maintain the log in the Title IX Coordinator’s file, in the event it later becomes relevant.

At least ten days prior to a hearing, the District will send the investigative report to each Party and their Advisors, if any, the investigative report in an electronic format or a hard copy, for review and written response. The Parties will have at least ten days to submit a written response.

**Hearing**

After completing an investigation and prior to completing a determination regarding responsibility, the District will hold a live hearing to provide the Complainant and Respondent an opportunity to respond to the evidence gathered before a Decision-Maker. Neither Party may choose to waive the right to a live hearing, but the Parties can choose whether to participate in the hearing or answer some or all cross-examination questions.

**Notice**

If the District proceeds to a hearing, the District will provide all Parties written notice of the date, time, location, participants, and purpose of the hearing with sufficient time for the Party to prepare to participate.

**Hearing Format**

The District may provide a live hearing with all Parties physically present in the same geographic location or, at the District’s discretion if either Party requests, the District may provide any or all Parties, witnesses, and other participants the ability to appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other in real time.

The District will make the information reviewed during the Evidence Review available at the hearing for reference and consultation. The District will not restrict the ability of either Party to discuss the allegations under investigation or to gather and present relevant evidence.

The District will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the Parties for inspection and review.
**Decision-Maker**
The Decision-Maker will be free from conflict of interest or bias, including bias for or against Complainants or Respondents.

The Decision-Maker may ask the Parties and the witnesses questions during the hearing. The Decision-Maker must objectively evaluate all relevant evidence both inculpatory and exculpatory and must independently reach a determination regarding responsibility without giving deference to the investigative report. The Decision-Maker must receive training on issues of relevance, how to apply the rape-shield protections for Complainants, and any technology to be used at the hearing.

**Presenting Witnesses**
The District will provide the Complainant and Respondent an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. Witnesses, like Parties, are not required to participate in the live hearing process.

Only relevant evidence will be admissible during the hearing. Relevant evidence means evidence, including evidence relevant to the credibility of a Party or witness, having any tendency in reason to prove or disprove any disputed fact material to the allegations under investigation.

**Cross-Examination**
The District shall permit each Party’s Advisor to ask the other Party and any witness relevant questions, including questions challenging credibility. The Party’s Advisor must conduct cross-examination directly, orally, and in real time. A Party may never personally conduct cross-examination.

If a Party or witness does not submit to cross-examination at the live hearing, the Decision-Maker will not rely on any statement of that Party or witness in reaching a determination regarding responsibility.

Before a Complainant, Respondent, or witness answers a question, the Decision-Maker must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. The Decision-Maker need not provide a lengthy or complicated explanation in support of a relevance determination.

If a Party or witness disagrees with a relevance determination, that individual has the choice of either (1) abiding by the Decision-Maker’s determination and answering the question or (2) refusing to answer the question.

The Decision-Maker cannot rely on the statements or testimony of a Party or witness who has refused to answer a question the Decision-Maker had found relevant unless the Decision-Maker reconsiders and changes the ruling before reaching the determination of responsibility. If the Decision-Maker changes the determination of relevance of an unanswered question, the Decision-Maker must explain the decision to reconsider the ruling in the written determination of responsibility.
The Decision-Maker cannot draw an inference about the determination of responsibility based solely on a Party’s or witness’s absence from the live hearing or refusal to submit to cross-examination or to answer any question.

The Decision-Maker may also ask any Party or witness questions. If a Party or witness refuses to respond to a Decision-Maker’s questions, the Decision-Maker is not precluded from relying on that Party or witness’ statements.

**Determinations of Responsibility**

When the Decision-Maker makes a determination of responsibility or non-responsibility, the Decision-Maker will issue a written determination regarding responsibility, no later than 20 business days after the date that the hearing ends.

When making a determination regarding responsibility, a Decision-Maker will objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence. A Decision-Maker may not make credibility determinations based on an individual’s status as a Complainant, Respondent, or witness. In evaluating the evidence, the Decision-Maker will use the preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that sexual harassment occurred.

The written determination will include:

- Identification of the allegations potentially constituting Title IX sexual harassment as defined in these procedures;

- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including who conducted the investigation and gave notifications to the Parties. The determination will also state when, where, and the date the investigator interviewed the Parties and witnesses, conducted site visits, the methods used to gather other evidence. The procedural section should also discuss the dates and how the Parties were provided the opportunity to review and inspect evidence and the date of any hearings held and who attended the hearing;

- Findings of fact supporting the determination. In making these findings, the Decision-Maker will focus on analyzing the findings of fact that support the determination of responsibility or non-responsibility;

- Conclusions regarding the application of the District’s code of conduct to the facts;

- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility;

- A statement of, and rationale for, any disciplinary sanctions the District imposes on the Respondent;
• A statement of whether the District will provide the Complainant with remedies designed to restore or preserve equal access to the District’s education program or activity;

• The District need not disclose to the Respondent remedies that do not affect him/her/them as part of the written determination. The District can inform the Respondent that it will provide remedies to the Complainant. However, the District will inform the Complainant of the sanctions against the Respondent;

• The District’s procedures and permissible bases for the Complainant and Respondent to appeal.

The District will provide the written determination to the Parties simultaneously. The determination regarding responsibility becomes final either on the date that the District provides the Parties with the written determination of the result of the appeal, if the Parties file an appeal, or if the Parties do not file an appeal, the date on which an appeal would no longer be timely.

Disciplinary Sanctions and Remedies
The District must have completed the grievance procedures (investigation, hearing, and any appeal, if applicable) before the imposing disciplinary sanctions or any other actions that are not supportive measures against a Respondent. If the Decision-Maker determines the Respondent was responsible for conduct that constitutes sexual harassment, the District will take disciplinary action against the Respondent and any other remedial action it determines to be appropriate. The action will be prompt, effective, and commensurate with the severity of the offense.

Remedies for the Complainant might include, but are not limited to:

• Providing an escort to ensure that the Complainant can move safely between classes and activities;

• Ensuring that the Complainant and Respondent do not attend the same classes or work in the same work area;

• Providing counseling services or a referral to counseling services;

• Providing medical services or a referral to medical services;

• Providing academic support services, such as tutoring;

• Arranging for a Complainant, if a student, to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the Complainant’s academic record; and

• Reviewing any disciplinary actions taken against the Complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the Complainant’s discipline.
Possible disciplinary sanctions for student Respondents include written or verbal reprimand, required training or counseling, non-academic probation, suspension, and expulsion. Possible disciplinary sanctions for employee Respondents include written or verbal reprimand, required training or counseling, reduction in pay, demotion, suspension, or discharge.

**Appeal of Dismissal of a Formal Complaint or of the Determination of Responsibility**

A Complainant or Respondent may appeal the District’s determination regarding responsibility or the dismissal of a formal complaint or any allegations. A Complainant or Respondent must submit a written appeal within 10 days from the date of the notice of determination regarding responsibility or from the date of the District’s notice of dismissal of a formal complaint or any allegations.

**Grounds for Appeal**

The Appeal Decision Maker will serve as the Decision-Maker on Appeal. In filing an appeal of the District’s determination regarding responsibility or the District’s dismissal of a formal complaint, the Party must state the grounds for appeal and a statement of facts supporting those grounds. The grounds for appeal are as follows:

- A procedural irregularity affected the outcome;
- New evidence was not reasonably available at the time the District’s determination regarding responsibility or dismissal was made, and this new evidence could affect the outcome; or
- The District’s Title IX Coordinator, investigator, or Decision-Maker had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome.

**Appeal Procedure**

If the Complainant or Respondent submit an appeal to the District, the District will:

- Notify the other Party in writing within 5 days of receiving a Party’s appeal;
- Allow the non-appealing Parties at least 10 days from the date of receipt of the appeal to submit a written statement in support of, or challenging, the outcome;

The appeal Decision-Maker will issue a written decision on whether to grant or deny the appeal, and the rationale for the decision, within 45 business days after the Decision-Maker on appeal receives the response to the appeal or the last day to provide a response. The District will provide the written decision simultaneously to both Parties.

The Decision-Maker on appeal may extend or otherwise modify the deadlines provided above. Either Party may seek an extension by submitting a written request to the appeal Decision-Maker explaining the need for the extension and the proposed length of the extension. The Decision-Maker will respond to the request within 48 hours in writing and will inform the Parties simultaneously whether the extension is granted.
Informal Resolution
If the District determines that a formal complaint is appropriate for informal resolution, it may provide the Parties with the opportunity to participate in an informal resolution process, including mediation, at any time prior to reaching a determination regarding responsibility.

The District will provide the Complainant and Respondent written disclosure of the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the Parties from resuming a formal complaint arising from the same allegations, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

The District must obtain the Parties’ voluntary, written consent to the informal resolution process. If the Parties reach an agreement, the District does not have to complete a full investigation and adjudication of a report of sexual harassment. At any time prior to agreeing to a resolution, any Party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

The informal resolution process is not available to resolve allegations that an employee sexually harassed a student.

Retaliation Prohibited
The District prohibits any intimidation, threats, coercion, or discrimination against any individual who made a report or complaint of sexual harassment, testified, assisted, or participated or refused to participate in any manner in a Title IX investigation, proceeding, or hearing. Individuals who experience retaliation may file a complaint using the formal complaint process described above.

Dissemination of Policy and Procedures
The District will provide its policy and procedures related to Title IX on its website and in each handbook or catalog provided to applicants for admission and employment, students, employees, and all unions or professional organizations holding collective bargaining with the District.

When hired, employees are required to sign acknowledging that they have received the policy and procedures. The District will place the signed acknowledgment of receipt in each employee’s personnel file.

Training
The District will provide training to Title IX Coordinators, investigators, Decision-Makers, and any individual who facilitates an informal resolution process, on the definition of sexual harassment, the scope of the District’s education program or activities, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Any materials used to train the District’s Title IX Coordinator, investigators, Decision-Makers, and any
person who facilitates an informal resolution process, will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

**File Retention**

The District will retain on file for a period of at least seven years after closing the case copies of:

- The original report or complaint;
- Any actions taken in response to the complaint, including supportive measures;
- The investigative report including all evidence gathered and any responses from the Parties;
- The District’s determination regarding responsibility;
- Audio or audiovisual recording or transcript from a hearing;
- Records of any disciplinary sanctions imposed on the Respondent;
- Records of any remedies provided to the Complainant;
- Any appeal and the result;
- Any informal resolution and the result; and
- All materials used to train Title IX Coordinators, investigators, Decision-Makers, and any person who facilitates an informal resolution process. The District will make these training materials publicly available on its website.

The District will make these documents available to the U.S. Department of Education Office for Civil Rights upon request.

**Informal Complaints**

An informal complaint is any of the following: (1) a written allegation of harassment, discrimination, or retaliation that falls outside the timelines for a formal complaint; or (2) a written complaint alleging harassment, discrimination, or retaliation filed by an individual who expressly indicates that he/she/they does not want to file a formal complaint.

Any person may submit an informal complaint to the Vice Chancellor Human Resources or any other District or college administrator. Administrators receiving an informal complaint shall immediately notify the Vice Chancellor Human Resources in writing of all pertinent information and facts alleged in the informal complaint.

Upon receipt of an informal complaint, the Vice Chancellor Human Resources or designee will notify the person bringing the informal complaint of his/her right to file a formal complaint, if the incident falls within the timeline for a formal complaint and
explain the procedure for doing so. The complainant may later decide to file a formal complaint, if within the timelines to do so. If the individual chooses not to file a formal complaint, or if the alleged conduct falls outside the timeline to file a formal complaint, the Vice Chancellor Human Resources or designee shall consider the allegations contained in the informal complaint and determine the appropriate course of action. This may include efforts to informally resolve the matter, or a fact-finding investigation.

Investigation of an informal complaint will be appropriate if the Vice Chancellor Human Resources or designee determines that the allegation(s), if proven true, would constitute a violation of the District policy prohibiting harassment, discrimination, or retaliation. The Vice Chancellor Human Resources or designee will explain to any individual bringing an informal complaint that the Vice Chancellor Human Resources or designee may decide to initiate an investigation, even if the individual does not wish the Vice Chancellor Human Resources or designee to do so. Vice Chancellor Human Resources or designee shall not disregard any allegations of harassment, discrimination, or retaliation solely on the basis that the alleged conduct falls outside the deadline to file a formal complaint.

Non-Title IX Harassment Complaints, Investigations, and Hearings

Formal Complaints

A formal complaint is a written or verbal statement filed with the District that alleges harassment, discrimination, or retaliation in violation of the District’s Board Policies, Administrative Procedures, or in violation of state or federal law. Formal Complaints must be filed with the Chancellor or Vice Chancellor of Human Resources unless the Party submitting the Formal Complaint alleges discrimination, harassment, or retaliation against the responsible district officer, in which case it should be submitted directly to the Chancellor or designee.

The District may request, but shall not require the Complainant to submit a formal complaint on the form prescribed by the Chancellor of the California Community Colleges. A copy of the form will be available at each college’s designated office and on the each college’s as well as the District’s web sites. A Complainant shall report verbal complaints to the Vice Chancellor of Human Resources. The Vice Chancellor of Human Resources will take steps to ensure the writing accurately reflects the facts alleged by the Complainant.

A Formal Complaint must meet each of the following criteria:

- It must allege facts with enough specificity to show that the allegations, if true, would constitute a violation of District policies or procedures prohibiting discrimination, harassment, or retaliation;

- The complainant must file any Formal Complaint not involving employment within one year of the date of the alleged discriminatory, harassing, or retaliatory conduct or within one year of the date on which the complainant knew or should
have known of the facts underlying the allegation(s) of discrimination, harassment, or retaliation.

- The complainant must file any Formal Complaint alleging discrimination, harassment, or retaliation in employment within 180 days of the date of the alleged discriminatory, harassing, or retaliatory conduct, except that this period shall extended by no more than 90 days following the expiration of the 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of the 180 days.

If the Formal Complaint does not meet the requirements set forth above, the Vice Chancellor Human Resources will promptly return it to the complainant and specify the defect. If the sole defect is that the Formal Complaint was filed outside the applicable prescribed timeline, the Vice Chancellor Human Resources will handle the matter as an informal complaint.

**Oversight of Complaint Procedure:**

The Vice Chancellor Human Resources is the "responsible District officer" charged with receiving complaints of discrimination or harassment and coordinating their investigation.

The actual investigation of complaints may be assigned by the Vice Chancellor Human Resources or General Counsel to other staff or to outside persons or organizations under contract with the District. This shall occur whenever the Vice Chancellor Human Resources is named in the complaint or implicated by the allegations in the complaint.

Who May File a Complaint: Any student, employee, or third party who believes he/she has been discriminated against or harassed by a student, employee, or third party in violation of this procedure and the related policy.

Where to File a Complaint: A student, employee, or third party who believes he/she has been discriminated against or harassed in violation of these policy and procedures may make a complaint orally or in writing directed to the Vice Chancellor of Human Resources. Complainants may but are not required to use the form prescribed by the Chancellor of the California Community Colleges. These forms are available from the Vice Chancellor of Human Resources and at the California Community Colleges Chancellor’s Office website.

**Employment-Related Complaints:**
Complainants filing employment-related complaints shall be notified that they may file employment discrimination complaints with the U.S. Equal Employment Opportunity Commission (EEOC) or the Department of Fair Employment, and;

Any District employee who receives a harassment or discrimination complaint shall notify the Vice Chancellor Human Resources immediately.
Filing a Timely Complaint:
Since failure to report harassment and discrimination impedes the District's ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed or discriminated against, to file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District’s ability to investigate and remediate.

All supervisors and managers have a mandatory duty to report incidents of harassment and discrimination, the existence of a hostile, offensive or intimidating work environment, and acts of retaliation.

The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity or if the harassing conduct interferes with or limits a student’s or employee’s ability to participate in or benefit from the school's programs or activities.

Communicating that the Conduct is Unwelcome: The District further encourages students and staff to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste or inappropriate.

Intake and Processing of the Complaint: Upon receiving notification of a harassment or discrimination complaint, the Vice Chancellor Human Resources or designee shall:

- Consider whether the District can undertake efforts to informally resolve the charges, including but not limited to mediation, rearrangement of work/academic schedules; obtaining apologies; providing informal counseling, training, etc.

- Advise the complainant that he/she need not participate in an informal resolution of the complaint, as described above, and has the right to end the informal resolution process at any time.

- Advise a student complainant that he/she may file a complaint with the Office of Civil Rights of the U.S. Department of Education and employee complainants may file a complaint with the Department of Fair Employment and Housing. All complainants should be advised that they have a right to file a complaint with local law enforcement, if the act complained of is also a criminal act. The District must investigate even if the complainant files a complaint with local law enforcement. In addition, the District should ensure that complainants are aware of any available resources, such as counseling, health, and mental health services. The Vice Chancellor Human Resources shall also notify the California Community Colleges Chancellor’s Office of the complaint.

- Take interim steps to protect a complainant from coming into contact with an accused individual, especially if the complainant is a victim of sexual violence. The Vice Chancellor Human Resources or designee should notify the complainant of his/her options to avoid contact with the accused individual and allow students to change academic situations as appropriate. For instance, the District may prohibit the accused individual from having any contact with the
complainant pending the results of the investigation. When taking steps to separate the complainant and accused individual, the District shall minimize the burden on the complainant. For example, it is not appropriate to remove complainants from classes or housing while allowing accused individuals to remain.

Investigation
The Vice Chancellor Human Resources or General Counsel shall:

- Authorize the investigation of the complaint, and supervise or conduct a thorough, prompt and impartial investigation of the complaint, as set forth below. Where complainants opt for informal resolution, the designated officer will determine whether further investigation is necessary to ensure resolution of the matter and utilize the investigation process outlined below as appropriate. In the case of a formal complaint, the investigation will include interviews with the complainant, the accused, and any other persons who may have relevant knowledge concerning the complaint. This may include victims of similar conduct.

- Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, or other unlawful discriminatory conduct, giving consideration to all factual information and the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.

Investigation of the Complaint: The District shall promptly investigate every complaint and claim of harassment or discrimination. No claim of workplace or academic harassment or discrimination shall remain unexamined. This includes complaints involving activities that occur off campus and in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, on a District bus, or at a class or training program sponsored by the District at another location. The District shall promptly investigate complaints of harassment or discrimination that occur off campus if the alleged conduct creates a hostile environment on campus.

As set forth above, where the complainant opts for an informal resolution, the Vice Chancellor Human Resources or designee may limit the scope of the investigation, as appropriate. The District will keep the investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a “need-to-know-basis” is essential to a thorough investigation. When determining whether to maintain confidentiality, the District may weigh the request for confidentiality against the following factors: the seriousness of the alleged harassment; the complainant’s age; whether there have been other harassment complaints about the same individual; and the accused individual’s rights to receive information about the allegations if the information is maintained by the District as an “education record” under the Family Educational Rights and Privacy Act (FERPA), 20 U.S. Code Section 1232g; 34 Code Federal Regulations Part 99.15. The District will inform the complainant if it cannot maintain confidentiality.
**Investigation Steps:** The District will fairly and objectively investigate harassment and discrimination complaints. Employees designated to serve as investigators under this policy shall have adequate training on what constitutes sexual harassment, including sexual violence, and that they understand how the District's grievance procedures operate. The investigator may not have any real or perceived conflicts of interest and must be able to investigate the allegations impartially.

Investigators will use the following steps: interviewing the complainant(s); interviewing the accused individual(s); identifying and interviewing witnesses and evidence identified by each party; identifying and interviewing any other witnesses, if needed; reminding all individuals interviewed of the District's no-retaliation policy; considering whether any involved person should be removed from the campus pending completion of the investigation; reviewing personnel/academic files of all involved parties; reach a conclusion as to the allegations and any appropriate disciplinary and remedial action; and see that all recommended action is carried out in a timely fashion. When the District evaluates the complaint, it shall do so using a preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that discrimination or harassment has occurred.

**Timeline for Completion:** The District will undertake its investigation promptly and swiftly as possible. To that end, the investigator shall complete the above steps, and prepare a written report within 90 days of the District receiving the complaint.

**Cooperation Expected:** All employees are expected to cooperate with a District investigation into allegations of harassment or discrimination. Lack of cooperation impedes the ability of the District to investigate thoroughly and respond effectively. However, lack of cooperation by a complainant or witnesses does not relieve the District of its obligation to investigate. The District will conduct an investigation if it is discovered that harassment is, or may be occurring, with or without the cooperation of the alleged victim(s) and regardless of whether a complaint is filed. No employee will be retaliated against as a result of lodging a complaint or participating in any workplace investigation.

**Written Report**

The results of the investigation of a complaint shall be set forth in a written report that will include at least all of the following information:

- A description of the circumstances giving rise to the Formal Complaint;

- A description of the procedural steps taken during the investigation, including all individuals contacted and interviewed;

- A summary of the testimony provided by each witness, including the complainant and any available witnesses identified by the Complainant in the complaint;

- An analysis of relevant data or other evidence collected during the course of the investigation, including a list of relevant documents;
• A specific finding as to whether each factual allegation in the complaint occurred based on the preponderance of the evidence standard;

• A table of contents if the report exceeds ten pages, and;

• Any other information deemed appropriate by the District.

Confidentiality of the Process
Investigations are best conducted within a confidential climate. Therefore, the District does not reveal information about ongoing investigations except as necessary to fulfill its legal obligations. The District will keep the investigation confidential to the extent possible, but it cannot guarantee absolute confidentiality because release of some information on a “need-to-know-basis” is essential to a thorough investigation and to protect the rights of Accused students and employees during the investigation process and any ensuing discipline.

Administrative Determination
In any case not involving employment discrimination, within 90 days of receiving a formal complaint, the district shall complete its investigation and forward a copy or summary of the report to the complainant, and written notice setting forth all of the following to both the complainant and the Chancellor:

- The Chancellor’s or his/her/their designee’s determination as to whether unlawful discrimination occurred with respect to each allegation in the complaint based on a preponderance of the evidence standard;

- In the event a discrimination allegation is substantiated, a description of actions taken, if any, to prevent similar acts of unlawful discrimination from occurring in the future;

- The proposed resolution of the complaint;

- The Complainant's right to appeal to the District’s Board of Trustees and the California Community Colleges Chancellor’s Office; and

- In matters involving student sexual misconduct, the Respondent’s right to appeal to the District’s Board of Trustees any disciplinary sanction imposed upon the Respondent.

In any case involving employment discrimination, within 90 days of receiving a formal complaint, the district shall complete its investigation and forward a copy or summary of the report to the complainant, and written notice setting forth all the following to the complainant:

- The determination of the Chancellor or designee as to whether discrimination occurred with respect to each allegation in the complaint;

- The proposed resolution of the complaint; and
• The complainant's right to appeal to the district governing board and to file a complaint with Department of Fair Employment and Housing or the U.S Equal Employment Opportunity Commission.

The District shall also provide the Respondent the following:

• The Chancellor’s or his/her/their designee’s determination as to whether unlawful discrimination occurred with respect to each allegation in the complaint based on the preponderance of the evidence standard;
• The proposed resolution of the complaint, including any disciplinary action against the Respondent; and
• In matters involving student sexual misconduct not subject to Title IX, the Respondent's right to appeal to the District’s Board of Trustees any disciplinary sanction imposed upon the Respondent.

Discipline for Student Sexual Misconduct Not Subject to Title IX
In a complaint involving student sexual misconduct not subject to Title IX, if a student Respondent is subject to severe disciplinary sanctions, and the credibility of witnesses was central to the investigative findings, the District will provide an opportunity for the student Respondent to cross-examine witnesses indirectly at a live hearing, either in person or by videoconference and a live hearing conducted by a neutral decision-maker other than the investigator. The District shall appoint a neutral third party to attend the hearing solely for the purpose of asking any questions to the witnesses. The neutral third party shall not be the student Respondent, the student Respondent’s representative, or any individual charged with making a final determination regarding discipline. The student Respondent may submit written questions before and during the cross-examination, including any follow-up questions. The neutral third-party asking questions shall not exclude any questions unless there is an objection to the question by any individual charged with making a final determination regarding discipline.

Discipline and Corrective Action
If harassment, discrimination or retaliation occurred in violation of the policy or procedure, the District shall take disciplinary action against the accused and any other remedial action it determines to be appropriate. The action will be prompt, effective, and commensurate with the severity of the offense. Remedies for the complainant might include, but are not limited to:

• providing an escort to ensure that the complainant can move safely between classes and activities;
• ensuring that the complainant and alleged perpetrator do not attend the same classes or work in the same work area;
• preventing offending third parties from entering campus;
• providing counseling services or a referral to counseling services;
• providing medical services or a referral to medical services;
• providing academic support services, such as tutoring;
• arranging for a student-complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant’s academic record; and
• reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined.

If the District imposes discipline, the nature of the discipline will not be communicated to the complainant. However, the District may disclose information about the sanction imposed on an individual who was found to have engaged in harassment when the sanction directly relates to the complainant; for example, the District may inform the complainant that the harasser must stay away from the complainant.

Disciplinary actions against faculty, staff, and students will conform to all relevant statutes, regulations, personnel policies and procedures, including the provisions of any applicable collective bargaining agreement.

The District shall also take reasonable steps to protect the complainant from further harassment, or discrimination, and to protect the complainant and witnesses from retaliation as a result of communicating the complaint or assisting in the investigation.

The District will ensure that complainants and witnesses know how to report any subsequent problems, and should follow-up with complainants to determine whether any retaliation or new incidents of harassment have occurred. The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the privacy of all parties to the extent possible without impeding the District’s ability to investigate and respond effectively to the complaint.

If the District cannot take disciplinary action against the accused individual because the complainant refuses to participate in the investigation, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

**Appeals**

If the District imposes discipline against a student or employee as a result of the findings in its investigation, the student or employee may appeal the decision using the procedure for appealing a disciplinary decision.

If the complainant is not satisfied with the results of the administrative determination, he/she/they may, within 30 days, submit a written appeal to the Board of Trustees. The Board shall review the original complaint, the investigative report, the administrative decision, and the appeal. The Board shall issue a final District decision in the matter within 45 days after receiving the appeal. A copy of the decision rendered by the Board shall be forwarded to the complainant and the respondent. The complainant shall also be notified of his/her/their right to appeal this decision.
If the Board does not act within 45 days the administrative determination shall be deemed approved on the forty-sixth day and shall become the final decision of the District in the matter. The District shall promptly notify the Complainant and the Respondent of the Board's action, or if the Board took no action, that the administrative determination is deemed approved.

In any case not involving workplace discrimination, harassment, or retaliation, the complainant shall have the right to file a written appeal with the California Community Colleges Chancellor's Office within thirty days after the Board issued the final District decision or permitted the administrative decision to become final. Such appeals shall be processed pursuant to the provision of Title 5 Section 59350.

In any case involving employment discrimination, including workplace harassment, the complainant may, at any time before or after the issuance of the final decision of the District, file a complaint with the Department of Fair Employment and Housing.

Remand
The California Community College Chancellor's Office may remand any matter to the District for any of the following reasons: to cure defects in the investigation or in procedural compliance; to consider new evidence not available during the investigation despite the Complainant's due diligence that would substantially impact the outcome of the investigation; or to modify or reverse a decision of the District's Board of Trustees based upon misapplication of an applicable legal standard or an abuse of discretion.

If the California Community College Chancellor's Office remands a matter to the District, the District shall take necessary action and issue a decision after remand within 60 days. In any case not involving employment discrimination, the Complainant may appeal the District's amended determination to the California Community College Chancellor's Office within 30 days by following the appeal procedures above.

If the District is unable to comply with the 90-day deadline, the District may extend the time to respond by up to 45 additional days. An extension may be taken only once without permission from the California Community Colleges Chancellor's Office, and must be necessary for one of the following reasons:

- a need to interview a party or witness who has been unavailable;
- a need to review or analyze additional evidence, new allegations, or new complaints related to the matter; or
- to prepare and finalize an administrative determination.

The District shall send a written notice to the Complainant and to a Respondent who is aware of an investigation indicating the necessity of an extension, the justification for the extension, and the number of days the deadline will be extended. The District shall send this notice no later than 10 days prior to the initial time to respond.

The District may request additional extensions from the California Community Colleges Chancellor's Office after the initial 45-day extension. The District shall send a copy of the extension request to the Complainant and to a Respondent who is aware of an
The Complainant and Respondent may each file a written objection with the California Community Colleges Chancellor's Office within 5 days of receipt.

**Disclosures to the California Community Colleges Chancellor's Office**

Upon request of the California Community Colleges Chancellor's Office, the District shall provide copies of all documents related to a discrimination complaint, including the following:

- the original complaint,
- any investigative report unless subject to the attorney-client privilege,
- the written notice to the Complainant setting forth the results of the investigation,
- the final administrative decision rendered by the Board or a statement indicating the date upon which the decision became final, and;
- a copy of the notification to the Complainant of his/her/their appeal rights,
- the Complainant’s appeal of the District’s administrative determination,
- any other non-privileged documents or information the Chancellor requests.

The District shall provide to the California Community Colleges Chancellor's Office an annual report with the following information: the number of employment and non-employment discrimination complaints and informal charges received in the previous academic year; the number of complaints and informal charges resolved in the previous academic year; the number of complaints of unlawful discrimination received in the previous academic year, and the number of those complaints that were sustained in whole or in part; and any other information requested by the Chancellor.

For any appeal to the California Community Colleges Chancellor's Office, shall provide all relevant, non-privileged documents upon request of the Chancellor.

**Reporting to California Community Colleges Chancellor's Office:**

The District considers all sexual misconduct complaints to be formal complaints. The **Title IX Coordinator or Chancellor** must notify the State Chancellor's Office of any sexual misconduct complaints. Upon completing the investigation, the District shall forward to the California Community Colleges Chancellor’s Office a copy of the investigative report and administrative determination and to the complainant a copy or summary of the investigative report and administrative determination.

**Dissemination of Policy and Procedures**

District Policy and Procedures related to harassment will include information that specifically addresses sexual violence. District policy and procedures will be provided to all students, faculty members, members of the administrative staff and members of the support staff and will be posted on campus and on the District's website.
When hired, employees are required to sign that they have received the policy and procedures, and the signed acknowledgment of receipt is placed in each employee’s personnel file. In addition, these policies and procedures are incorporated into the District’s course catalogs and orientation materials for new students.

**Training**

By January 1, 2021, the District shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees and at least one hour of classroom or other effective interactive training and education regarding sexual harassment to all nonsupervisory employees. All new supervisory employees must be provided with the training and education within six months of their assumption of a supervisory position. After January 1, 2021, the District shall provide sexual harassment training and education to each supervisory employee once every two years. An employee who received this training and education in 2019 is not required to have refresher training until after two years thereafter.

The training and education required by this procedure shall include information and practical guidance regarding the federal and state statutory provisions concerning the prohibition against and the prevention and correction of sexual harassment and the remedies available to victims of sexual harassment in employment. The training and education shall also include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation. Supervisor’s harassment training must also address potential exposure and liability for employers and individuals, supervisor’s obligation to report sexual harassment, discrimination, and retaliation when they become aware of it, appropriate remedial measures to correct harassing behavior, and a review of “abusive conduct.”

The District will maintain appropriate records of the training provided, including the names of the supervisory employees trained, the date of training, sign in sheets, copies of all certificates of attendance or completion issued, the type of training provided, a copy of all written or recorded training materials, and the name of the training provider. If the training is provided by webinar, the District will maintain a copy of the webinar, all written materials used by the training and all written questions submitted during the webinar, and document all written response or guidance the trainer provided during the webinar. The District will retain these records for at least two years.

Training of all staff will be conducted. This includes counselors, faculty, health personnel, law enforcement officers, coaches, and all staff who regularly interact with students. Training for academic staff should emphasize environmental harassment in the classroom. The District will also provide training to students who lead student organizations. The District should provide copies of the sexual harassment policies and training to all District law enforcement unit employees regarding the grievance procedures and any other procedures used for investigating reports of sexual violence.
In years in which a substantive policy or procedural change has occurred, all District employees will attend a training update or receive a copy of the revised policies and procedures.

Participants in training programs will be required to sign a statement that they have either understood the policies and procedures, their responsibilities, and their own and the District’s potential liability, or that they did not understand the policy and desire further training.

**Education and Prevention for Students**

In order to take proactive measures to prevent sexual harassment and violence toward students, the District will provide preventive education programs and make victim resources, including comprehensive victim services, available. The District will include such programs in their orientation programs for new students, and in training for student athletes and coaches. These programs will include discussion of what constitutes sexual harassment and sexual violence, the District's policies and disciplinary procedures, and the consequences of violating these policies. A training program or informational services will be made available to all students at least once annually.

The education programs will also include information aimed at encouraging students to report incidents of sexual violence to the appropriate District and law enforcement authorities. Since victims or third parties may be deterred from reporting incidents if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform students that the primary concern is for student safety and that use of alcohol or drugs never makes the victim at fault for sexual violence. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.

Administrative Procedure for Whistleblower Protection

References: Labor Code Section 702.5; Government Code Section 53296; Private Attorney General Act of 2004 (Labor Code Section 2698)

Individuals are encouraged to report suspected incidents of unlawful activities by District employees in the performance of their duties. Reports will be investigated promptly and appropriate remedies applied. Employees who, in good faith, report such activities and/or assist the Kern Community College District in the investigation, will be protected from retaliation.

This procedure sets out the processes for responding to and investigating reports of unlawful activities, as defined in Kern Community College District Board Policy 7F, Whistleblower Protection, and for addressing complaints of retaliation for making such reports.

1) Filing a Report of Suspected Unlawful Activities

   a) Any person may report allegations of suspected unlawful activities. Knowledge of suspicion of such unlawful activities may originate from academic personnel, staff, or administrators carrying out their assigned duties, internal or external auditors, law enforcement, regulatory agencies, customers, vendors, students, or other third parties.

   b) Anonymous reports will be investigated to the extent possible. However, employees are strongly encouraged not to report anonymously because doing so impedes the District’s ability to thoroughly investigate the claim and take appropriate remedial measures. As set forth fully below, retaliation against individuals who report suspected unlawful activities will not be tolerated.

   c) Normally, a report by a District employee of allegations of a suspected unlawful activity should be made to the reporting employee’s immediate supervisor or other appropriate administrator or supervisor within the operating unit. However, if the report involves or implicates the direct supervisor or others in the operating unit, the report may be made to any other District official whom the reporting employee believes to have either responsibility over the affected area or the authority to review the alleged unlawful activity on behalf of the District. When the alleged unlawful activity involves the College President, the
report should be made to the Chancellor. When the alleged unlawful activity involves the Chancellor, the report should be made to the President of the Board of Trustees. When the alleged unlawful activity involves the Board of Trustees or one of its members, the report should be made to the Chancellor who will confer with the President of the Board and/or legal counsel on how to proceed. Allegations of suspected unlawful activities should be made in writing so as to assure a clear understanding of the issues raised, but may be made orally. Such reports should be factual and contain as much specific information as possible. The receiving supervisor or administrator should elicit as much information as possible. If the report is made orally, the receiving supervisor or administrator shall reduce it to writing and make every attempt to get the reporter to confirm by his or her signature that it is accurate and complete.

d) Once the receiving supervisor or administrator has received and/or prepared a written report of the alleged unlawful activity, he or she must immediately forward to the President of the college where the alleged activity has occurred. However, if this process would require submitting the report to an employee implicated in the report, the receiving supervisor or administrator should follow the reporting options outlined above. The high-level administrator or trustee who receives the written report pursuant to this paragraph is responsible for ensuring that a prompt and complete investigation is made by an individual with the competence and objectivity to conduct the investigation, and that the assistance of counsel and/or an outside investigator is secured if deemed necessary.

e) In the course of investigating allegations of unlawful conduct, all individuals who are contacted and/or interviewed shall be advised of the District’s no-retaliation policy. Each individual shall be: 1) warned that retaliation against the reporter(s) and/or others participating in the investigation will subject the employee to discipline up to and including termination; and 2) advised that if he or she experiences retaliation for cooperating in the investigation, then it must be reported immediately.

f) In the event that an investigation into alleged unlawful activity determines that the allegations are accurate, prompt and appropriate, corrective action shall be taken.

2) Protection from Retaliation

a) When a person makes a good-faith report of suspected unlawful activities to an appropriate authority, the report is known as a protected disclosure. District employees and applicants for employment who make a protected disclosure are protected from retaliation.

b) Any employee who believes he or she has been (1) subjected to or affected by retaliatory conduct for reporting suspected unlawful activities, or (2) for refusing to engage in activity that would result in a violation of law, should report such conduct to the appropriate supervisory personnel (if such supervisory personnel is not the source of or otherwise involved in the retaliatory conduct). Any
supervisory employee who receives such a report, or who otherwise is aware of retaliatory conduct, is required to advise the College President. If the allegations of retaliation or the underlying allegation of unlawful conduct involve the President, the supervisor shall report to the highest level administrator and/or trustee who is not implicated in the reports of unlawful activity and retaliation.

c) All allegations of retaliation shall be investigated promptly and with discretion, and all information obtained will be handled on a “need to know” basis. At the conclusion of an investigation, as appropriate, remedial and/or disciplinary action will be taken where the allegations are verified and/or otherwise substantiated.

3) Requirement to Post Whistleblower Hotline

a) The District shall prominently display in lettering larger than size 14 point type a list of employees’ rights and responsibilities under the whistleblower laws referenced in this procedure. The list shall include a telephone number of the whistleblower hotline, (888) 304-7794, for employees who have information regarding possible violations of state or federal statutes, rules or regulations, or violations of fiduciary responsibility by a cooperation or limited liability company to its shareholders, investors, or employees.

4) Other Remedies and Appropriate Agencies

a) In addition to the internal complaint process set forth above, any employee who has information concerning allegedly unlawful conduct may contact the appropriate government agency.

In controlled substance testing, it is an immunoassay screen to eliminate negative urine specimens from further consideration.

6) **Confirmation test**, for alcohol testing, is a second test that provides quantitative data of alcohol concentration following a screening test with a result of 0.02 grams or greater of alcohol per two hundred, ten (210) liters of breath. For controlled substances testing, it is a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test and which uses a different technique and chemical principal from that of the screen test in order to ensure reliability and accuracy.

7) **Covered employee** is an employee subject to the requirements of applicable Federal law and policy. Covered employee is an employee who holds a commercial driver's license which is necessary to perform job related duties such as, but not limited to, operating a commercial motor vehicle.

8) **Driver** is any person who operates a commercial motor vehicle. For the purposes of pre-employment testing, the term driver includes a person applying to drive a commercial motor vehicle.

9) **Evidential breath testing** (EBT) device is a device approved by the National Highway Traffic Safety Administration (NHTSA) for the evidential testing of breath and placed on NHTSA's Conforming Products List of Evidential Breath Measurement Devices (CPL).

10) **Medical review officer** (MRO) is a licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by an employer's drug testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his or her medical history and any other relevant biomedical information.

11) **On-duty time**, as that phrase is defined by Federal regulations and this procedure, means all of the time from the time a covered employee begins to work, is required to be in readiness to work, until the time he or she is relieved for work and all responsibility for performing work.

12) **Performing** (a safety-sensitive function) is any period in which the driver is actually performing, ready to perform, or immediately able to perform any safety-sensitive functions.

13) **Refusal to submit** (to an alcohol or controlled substance test) is when a driver (a) fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement of breath testing; (b) fails to provide adequate urine for controlled substances testing without a valid medical
explanation after he or she has received notice of the requirement for urine testing; or (c) engages in conduct that clearly obstructs the testing process.

14) **Safety-sensitive function**, for purposes of this procedure, shall mean any of the functions defined in Title 49 of the Code of Federal Regulations. More specifically, safety-sensitive functions include all functions performed by a covered employee during on-duty time and include:

   a) All time at a carrier or shipper plant, terminal, facility, or other property waiting to be dispatched, unless the driver has been relieved from duty by the employer,

   b) All time inspecting equipment as required by the Federal Motor Carrier Safety Regulations (FMCSRs) or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time,

   c) All time spent at the driving controls of a commercial motor vehicle,

   g) All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

   On-duty time also includes:

   h) All time spent providing a breath sample or urine specimen, including travel time to and from the collection site, in order to comply with the testing requirements.

15) **Screening test** (aka initial test) in alcohol testing is an analytical procedure to determine whether a driver may have a prohibited concentration of alcohol in his or her system. In controlled substance testing, it is an immunoassay screen to eliminate negative urine specimens from further consideration.

16) **Substance abuse professional** is a licensed physician (medical doctor or doctor of osteopathy), or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission)
with knowledge of a clinical experience in the diagnosis and treatment of alcohol and controlled substances-related disorders.

**Prohibited Conduct**

1) No covered employee shall report for duty, or remain on duty requiring the performance of safety-sensitive functions, while having an alcohol concentration of 0.02 or greater.

2) No covered employee shall remain on duty, or operate a commercial motor vehicle, while that employee possesses alcohol, unless the alcohol is manifested and transported as part of a shipment. This includes the possession of medicines containing alcohol (prescription or over-the-counter), unless the packaging seal is unbroken.

3) No covered employee shall use alcohol during on-duty time while performing safety-sensitive functions.

4) No covered employee shall perform safety-sensitive functions within four (4) hours after using alcohol.

5) No covered employee required to take a post-accident alcohol test shall use alcohol for eight (8) hours following the accident or until he or she undergoes a post-accident alcohol test.

6) No covered employee shall refuse to submit to any test required by law or this procedure.

7) No covered employee shall report for duty, or remain on duty requiring the performance of safety-sensitive functions, when the covered employee uses any controlled substances, except when the use is pursuant to the instructions of a physician who has advised the driver that the substances does not adversely affect the driver's ability to safely operate a commercial vehicle. Covered employees are required to report any therapeutic drug use to their department supervisor. Drivers may also be required to provide the District with a written statement from a physician stating that the medication does not adversely affect the driver's ability to safely operate a commercial motor vehicle.

**Transportation**

1) If an applicant or covered employee produces a test result indicating an alcohol concentration equal to or greater than 0.04, that employee shall be transported to his or her residence by the Employer.

**Compensation**

1) A covered employee who fails a required test shall not receive his or her normal compensation for hours during which the employee is prohibited by Federal law,
and this procedure, from performing a safety-sensitive function. Failure is defined as a verified positive result by an MRO for controlled substances and/or an alcohol concentration of .02 or greater. The employee may not utilize sick time, vacation or compensatory time during the period the prohibition is in place.

**Consequences of Prohibited Conduct**

1) No covered employee shall return to duty or remain on duty to perform safety-sensitive functions if the covered employee has engaged in conduct prohibited by this procedure.

2) Every covered employee who is subject to the requirements of this procedure conduct shall be advised of the resources available to that employee in evaluating and resolving problems associated with the misuse of alcohol and controlled substances.

**Testing Procedures**

All tests conducted pursuant to this procedure shall comply with the requirements of applicable Federal law. See Procedure 7H7(b).

**Pre-employment Testing**

1) Prior to employment in a position, which requires performance of safety-sensitive functions for the Kern Community College District, the employee shall undergo testing for controlled substances.

2) The Kern Community College District shall not allow any covered employee to perform safety-sensitive functions unless the covered employee has produced a controlled substance test result indicating a verified negative test result.

3) The District shall pay for the costs associated with pre-employment testing.

4) The Kern Community College District reserves the right not to employ an applicant who has received an alcohol and controlled substances test indicating a verified positive test result.

**Previous Employment Information**

1) Upon application to a covered position, applicants will be required to sign a release authorizing the Kern Community College District to obtain testing information from the applicant's previous employers. The applicant’s signature on the release shall be a condition of employment.

2) The information shall include: any alcohol test results with a concentration greater than .04, any positive controlled substances test results, and any refusals to be tested.
3) The information shall be obtained from the applicants previous employers from the past two (2) years.

4) Upon offering an applicant a position, the Employer shall obtain the required information. The Kern Community College District shall endeavor to obtain the information within fourteen (14) days.

5) Should the information reveal that the applicant is not eligible to perform safety-sensitive functions (pursuant to 49 CFR pt. 382.413 (g)), the Employer shall withdraw the employment offer.

Post-Accident Testing

1) As soon as practicable following an accident involving a commercial motor vehicle, the Kern Community College District shall test the following individuals for alcohol and controlled substances: (1) any covered employee who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; and/or (2) any covered employee who receives a citation under state or local law for a moving violation arising from the accident.

For the purposes of this procedure, an accident is defined as an incident involving a commercial motor vehicle in which there is either a fatality, an injury treated away from the scene, or a vehicle is required to be towed from the scene.

2) If the alcohol test is not administered within two (2) hours following the accident, the Kern Community College District shall document the reasons the test was not promptly administered. If the alcohol test is not administered within eight (8) hours following the accident, the Employer shall cease attempts to administer the test and shall document the reasons the test was not administered.

4) Drivers who are subject to post-accident testing shall remain readily available for such testing or may be deemed by the Kern Community College District to have refused testing.

Random Testing

1) The Kern Community College District shall randomly select covered employees for alcohol and controlled substances testing during each calendar year, in accordance with applicable Federal law. The minimum annual percentage rate for random alcohol testing shall be twenty-five percent (25%) of the average number of covered employees, until further notification is received from the Federal Department of Transportation. The minimum annual percentage rate for controlled substances testing shall be fifty percent (50%) of the average number of covered
employees, until further notification is received from the Federal Department of Transportation.

2) The selection of covered employees for random alcohol and controlled substances testing shall be made by a scientifically valid method. Under the selection process used, every covered employee shall have an equal chance of being tested each time selections are made.

3) The Kern Community College District shall ensure that the random tests are unannounced and that the dates for administering the random tests are spread reasonably throughout the calendar year.

4) A covered employee shall be subject to random testing at the following times: while the covered employee is performing safety-sensitive functions, just before the covered employee is performing safety-sensitive functions, or just after the covered employee has ceased performing such functions. Every covered employee who is notified of selection for random testing shall cease to perform safety-sensitive functions and shall immediately proceed to the test site according to established procedures for notifying appropriate supervisory personnel.

5) Substitute employees, if they are also covered employees, are subject to random testing.

Substitute drivers will be required to sign a release authorizing the District to release testing information/results to other school districts for which the driver is employed. Substitute drivers will be required to sign the release as a condition of being placed on the District's substitute driver list.

6) In the event a covered employee who is selected for a random test is on vacation or off-duty, the Kern Community College District will keep the original selection confidential until the driver returns. Testing of the selected employee will commence according to the procedure outlined in number four.

Reasonable Suspicion Testing

1) The Kern Community College District shall require a covered employee to submit to an alcohol or controlled substances test, as appropriate, when the Kern Community College District has reasonable suspicion to believe that the employee has engaged in prohibited conduct.

2) The Kern Community College District's determination that reasonable suspicion exists must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, and/or body odors of the covered employee.

3) Reasonable suspicion testing is permitted only if the required observations are made during, just preceding, or just after the period of the workday that the
covered employee is performing a safety-sensitive function or required to be in compliance.

4) The observation and determination that a reasonable suspicion exists will be made by a supervisor trained in detecting the symptoms of alcohol misuse and use of controlled substances as per the regulations. The training shall consist of at least sixty (60) minutes of training on alcohol misuse and at least an additional sixty (60) minutes of training on controlled substances use. The observations shall be documented and signed by the official who made the observations within twenty-four (24) hours of the observed behavior or before the results of the controlled substances test are released, whichever is earlier.

5) If the alcohol test is not administered within two (2) hours following the determination that a test is required, the Kern Community College District shall document the reasons the alcohol test was not promptly administered. If the alcohol test is not administered within eight (8) hours, the Kern Community College District shall cease attempts to test and document the reasons the test was not administered.

6) Notwithstanding the absence of a reasonable suspicion alcohol test, no employee shall remain on duty requiring the performance of safety sensitive functions if the Kern Community College District has reasonable suspicion to believe that the employee is impaired by alcohol, until:

   a) An alcohol test is administered and the driver's alcohol concentration measures less than .02; or

   b) Twenty-four (24) hours have elapsed following the determination that reasonable suspicion exists.

**Discipline and Term**

1) Any employee who engages in prohibited conduct shall be subject to disciplinary action up to and including termination.

**Employee Information**

1) The Kern Community College District shall distribute this procedure to every covered employee, on an individual basis, prior to the start of alcohol and controlled substances testing. The Kern Community College District shall also distribute this procedure to every covered employee hired after the adoption of the procedure, and to every covered employee transferred into a position requiring possession of a commercial driver's license.

2) Employees will be required to sign a statement acknowledging receipt of the procedure.
3) The person responsible for answering employee questions concerning this procedure shall be the Assistant Chancellor, Personnel Services.

**Records Retention**

The Kern Community College District shall retain all records in accordance with applicable Federal law, as set forth in Procedure 7H7(c).

**Effect**

This policy and procedure shall take effect January 1, 1996.
AP 7H7(b)  Alcohol and Controlled Substances Testing Procedures and Policy

Introduction

The Kern Community College District shall implement and enforce the procedures for transportation workplace testing as set forth in 49 CFR Part 40. These procedures include, but are not limited to, the following information. In all cases, the requirements of 49 CFR Part 40 shall be followed. Comprehensive Drug Testing (CDT) shall administer the testing on behalf of the District.

Controlled Substances Testing

Applicable Drugs

1) Employees subject to controlled substances testing shall be tested for the following substances:
   - Marijuana
   - Cocaine
   - Opiates
   - Amphetamines
   - Phencyclidine (PCP)

2) Although the specimen will not be analyzed specifically for adulterants, the lab may conduct adulteration checks (PH, specific gravity or creatinine). The lab is permitted to check for adulterants as per Federal Department of Transportation (DOT) guidelines.

Specimen Collection Procedures

1) The collection shall take place in a secure location to prevent unauthorized access during the collection process.

2) The specimen shall be kept in sight of the employee and the collection site person until it is sealed and ready for shipment.

3) Employees shall have individual privacy when providing a specimen except when:
a) The employee presents a specimen that is outside the accepted temperature range and he/she refuses to have an oral body temperature measurement, or the body temperature measurement varies more than 10°C OR 1.8°F from the specimen temperature,

b) The collector observes the employee attempting to adulterate or substitute the specimen, or

c) The employee’s last provided specimen was determined to be diluted.

d) The employee has previously has a verified positive test.

e) In (a) and (b) above, the employee must provide a specimen under direct observation. In (c) and (d) above, the employer may require a direct observation collection.

4) The following specific procedures will be followed during the collection process:

a) The employee must submit identification to the collector. The collection shall not proceed until a positive identification is made.

b) The employee will not be required to undress, or to change into an examination gown. Only outer garments should be removed, i.e., jackets, etc.

c) The donor shall be required to wash his/her hands prior to urination, and shall not have access to any water sources until the specimen has been collected.

d) A bluing agent shall be added to the toilet bowl and the donor may flush the toilet only after releasing the specimen to the collector.

e) The specimen must be at least forty-five (45) ml to be acceptable.

f) The collector must measure the specimen temperature within four (4) minutes of urination to determine sample acceptability

5) If the donor cannot provide a sufficient volume of urine, he/she shall remain at the collection site and be provided not more than twenty-four (24) ounces of fluids to drink. The donor shall have a period of up to two (2) hours to produce an acceptable sample.

6) The specimen shall be divided into two (2) parts. The collector shall pour thirty (30) ml of urine from the specimen bottle into a second specimen bottle, to be used as the primary specimen. The remainder of the urine, at least fifteen (15) ml, shall be poured into another container to be used as the split sample.

7) Both samples shall be shipped in a single shipping container with the appropriate chain of custody forms.
8) The collector and donor must be present together to complete the following process:

a) Seal and label the specimen bottle,

b) Donor initials the bottle label or seal, and

c) The chain of custody forms must be signed and dated.

9) If an employee refuses to cooperate with the collection process the collector shall notify the employer representative and note the non-cooperation on the custody and control form.

**Split Sample**

1) If the test result of the primary specimen is positive, the employee may request that the Medical Review Officer (MRO) direct that the split specimen be analyzed.

2) The split sample analysis will be conducted by a DHHS-certified laboratory who will analyze the sample for presence of the drug(s) for which a positive result was obtained in the primary sample.

3) If the result of the test of the split sample fails to reconfirm the presence of the drug(s) or drug metabolites(s) found in the primary specimen, the MRO shall cancel the test and report the cancellation to the District.

4) After the MRO notifies the employee of a positive result for the presence of a drug(s) in the primary sample, the employee has up to seventy-two (72) hours to request analysis of the split sample.

5) All costs associated with the analysis of the split sample shall be the responsibility of the employee. If the analysis of the split sample results in a cancellation of the test, the District shall reimburse the employee for the cost of the split sample analysis.

6) In the event the outcome of a test is cancellation, the driver shall be returned to duty and no further action against the employee shall be taken. Any lost time and/or compensation shall be returned to the employee.

**Inability to Provide Adequate Urine**

1) If the employee fails to provide an adequate sample, he/she shall provide the District with an evaluation from a licensed physician designated by the District, who is acceptable to the District, concerning the employee’s ability to provide a sample.
2) If the physician determines there is a valid medical reason precluding the employee from providing adequate urine, then the employee’s failure shall not be deemed a refusal to test.

3) If the physician is unable to determine a valid medical reason, the employee’s failure to provide adequate urine shall be considered a refusal to test.

**Alcohol Testing**

**Testing Procedures**

1) The test shall take place in a secure location that affords visual and aural privacy to prevent unauthorized persons from seeing or hearing test results.

2) When an employee enters the testing location, the Breath Alcohol Technician (BAT) will require him/her to provide positive identification. The test shall not proceed until positive identification of the employee is made.

3) An individually-sealed mouthpiece shall be opened in view of the employee and then attached to the testing unit.

4) The employee shall be required to blow forcefully into the mouthpiece for at least six (6) seconds or until an adequate amount of breath has been obtained.

5) The employee shall be shown the result both on the testing unit and the recording form. The employee shall verify both results are the same. If a result printed by the testing unit does not match the displayed result, the BAT shall declare the test invalid.

6) If the result of the screening test is less than 0.02 breath alcohol concentration no other testing will be conducted.

7) If the result of the screening test reflects an alcohol concentration of 0.02 or greater, a confirmation test shall be performed.

8) Prior to conducting the confirmation test the employee may not eat, drink, or place anything in his/her mouth. If possible, the employee should not belch during the waiting period. The confirmation test shall be conducted no less than fifteen (15) minutes and no more than twenty (20) minutes from the screening test.

   The fifteen (15) minutes waiting period is provided for the employee’s benefit. This time period allows for the dissipation of any mouth alcohol, thereby helping to prevent an artificially high reading.

9) In the event the screening and the confirmation test results do not match, the confirmation results will be considered the final results.
10) If the employee refuses to sign the breath alcohol testing form or fails to provide an adequate amount of breath without a valid medical reason, the District may determine the circumstance to be a refusal to test.

**Inability to Provide Adequate Breath**

1) If the employee fails to provide an adequate amount of breath he/she shall provide the District with an evaluation from a licensed physician, who is acceptable to the District, concerning the employee’s medical ability to provide adequate breath.

2) If the physician determines there is a valid medical reason precluding the employee from providing adequate breath then the employee’s failure shall not be deemed a refusal to test.

3) If the physician is unable to determine a valid medical reason, the employee’s failure to provide adequate breath shall be considered a refusal to test.
### Retention of Records

AP 7J2    Emergency Planning, Preparedness, and Response Definitions

DEFINITIONS

Command Staff – in an incident management organization, the Command Staff consists of the Incident Commander and the special staff positions of Public Information Officer, Safety Officer, Liaison Officer, and other positions as required, who report directly to the Incident Commander.

Disaster Service Worker – includes public employees and any unregistered person impressed into service during a State of War Emergency, a State of Emergency, or a Local Emergency by a person having authority to command the aid of citizens in the execution of his or her duties.

Emergency – a condition of disaster or of extreme peril to the safety of persons and property caused by such conditions as air pollution, fire, flood, hazardous material incident, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor’s warning of an earthquake or volcanic prediction, or an earthquake or other conditions, other than conditions resulting from a labor controversy.

Emergency Operations Center (EOC) – a location from which centralized emergency management can be performed. It is the physical location at which the coordination of information and resources to support domestic incident management activities will normally take place. EOC facilities are found at the local government, operational area, region, and state levels in SEMS. An EOC may be a temporary facility or may be located in a more central or permanently established facility, perhaps at a higher level of organization with a jurisdiction. EOCs may be organized by major functional disciplines (e.g., fire, law enforcement, and medical services), by jurisdiction (e.g., federal, state, regional, county, city, tribal), or some combination thereof.

General Staff – a group of incident management personnel organized according to function and reporting to the Incident Commander. The General Staff normally consists of the Operations Section Chief; Planning and Intelligence Section Chief; Logistics Section Chief; and Finance and Administration Section Chief.

Incident – an occurrence or event, either human-caused or by natural phenomena, that requires action by emergency response personnel to prevent or minimize loss of life or
damage to property and/or natural resources. Incidents may, for example, include major disasters, emergencies, terrorist attacks, terrorist threats, wild-land and urban fires, floods, hazardous materials spills, nuclear accidents, aircraft accidents, earthquakes, hurricanes, tornadoes, tropical storms, war-related disasters, public health and medical emergencies, and other occurrences requiring an emergency response.

**Incident Command System** (ICS) – the nationally used standardized on-scene emergency management concept specifically designed to allow its user(s) to adopt an integrated organizational structure equal to the complexity and demands of single or multiple incidents without being hindered by jurisdictional boundaries. ICS is the combination of facilities, equipment, personnel, procedures, and communications operating within a common organizational structure, with responsibility for the management of resources to effectively accomplish stated objectives pertinent to an incident. It is used for all kinds of emergencies and is applicable to small, as well as large and complex, incidents. ICS is used by various jurisdictions and functional agencies, both public and private, to organize field-level incident management operations.

**Incident Commander** (IC) – the individual responsible for all incident activities, including the development of strategies and tactics and the ordering and the release of resources. The IC has overall authority and responsibility for conducting incident operations and is responsible for the management of all incident operations at the incident site.

**Inter-agency Coordination** – as it applies to SEMS, means the participation of various agencies and disciplines involved at any level of the SEMS organization working together in a coordinated effort to facilitate decisions for overall emergency response activities, including the sharing of critical resources and the prioritization of incidents.

**Master Mutual Aid Agreement** (MMAA) – Mutual Aid is provided between and among local jurisdictions and the state under the terms of the California Disaster and Civil Defense Master Mutual Aid Agreement. This agreement was developed in 1950 and has been adopted by California’s incorporated cities, all fifty-eight (58) counties, and the State. Under this agreement, cities, counties, and the State joined together to provide for a comprehensive program of voluntarily providing services, resources, and facilities to jurisdictions when local resources prove to be inadequate to cope with a given situation. The agreement states that each party agrees to furnish resources and facilities and to render services to each and every other party to combat any type of disaster. However, no party is required to unreasonably deplete its own resources, facilities, and services in the process of furnishing Mutual Aid. The mutual aid systems, current and planned, form the essential links within SEMS.

**National Incident Management System** (NIMS) – a comprehensive, national approach to incident management that is applicable at all jurisdictional levels and across functional disciplines. NIMS provides for a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents. (Homeland Security Presidential Directive-5 directed the Secretary

**Operational Area** – one of the five organizational levels in SEMS. An Operational Area consists of a county, and all political subdivisions within the county area. Operational Areas facilitate the coordination of resources between its member jurisdictions. Operational Areas also serve as a communication and coordination link between the Region and State level EOCs and local government EOCs within the Operational Area.

**Standardized Emergency Management System (SEMS)** – provides for a five-level emergency response organization, activated as needed, to provide an effective response to emergencies involving multiple agencies or jurisdictions. SEMS provides an organizational framework and guidance for operations at each level of the State’s emergency management system. It provides the umbrella under which all response agencies may function in an integrated fashion. SEMS is designed to be flexible and adaptable to the varied emergencies that can occur in California, and to meet the emergency management needs of all responders.
Incident Command System (ICS)

1) ICS Structure

Within SEMS and NIMS, an emergency response organization consists of five Sections. Each one of the five functions has certain roles and responsibilities during a disaster or campus emergency. The Management Division oversees response activities in consultation with the section chiefs of the Operations; Logistics; Planning and Intelligence; and Finance and Administration. Each of these Sections, in turn, has a team or teams tasked with implementing very specific components of the District and College emergency response plan. These teams and their affiliate sections are outlined in the figure below.

Figure – Sample ICS Organizational Chart
2) **BICS Command Staff Responsibilities**

**Management and Command** — responsible for policymaking with respect to disaster planning and preparedness and for overall coordination of emergency response and recovery activities. This section has four team members, the Incident Commander, the Public Information Officer (PIO), the Safety Officer, and the Liaison Officer. During a campus emergency, the Management Team is responsible for coordinating all response activities.

**Incident Commander (IC)** — responsible for assessing the severity of the incident, establishing management objectives, tracking resource availability, developing and monitoring the response action plan, ensuring proper incident documentation, and assigning and releasing staff as needed.

**Public Information Officer** (PIO) — acts as the liaison between the school, the media, and the public. The PIO must be aware of all incident response activities and is the only person authorized to speak to the media.

**Safety Officer** (SO) — charged with the safety of students, staff, and others on campus during response activities. The SO has the authority to stop any response activity that would create an unsafe situation or put anyone at risk.

**Liaison Officer** (LO) — is the point of contact and coordination between the IC and public agencies and organizations (such as the American Red Cross, or the local utility company) working on campus in support of response activities.

3) **CS General Staff (Section Chiefs)**

**Operations** — responsible for response preparedness of Communications, Search and Rescue, First Aid, Student Release/Staff Accounting, Assembly/Shelter, and Maintenance/Fire Teams. During a disaster, this Section directs response activities of all of these teams and coordinates that response with Management and Command.

**Logistics** — prior to a disaster, this Section is in charge of creating a transportation plan, and insuring that there are adequate supplies of food, water, and equipment for crisis response. During an emergency, the Section’s two teams, the Supplies and Staffing Team and the Transportation Team provide services, personnel, equipment, materials, and facilities, as needed.

**Planning and Intelligence** — responsible for creating the action plans and checklists that will be used by all Sections during crisis response and recovery. This Section is comprised of two teams: the Situation Status Team and the Documentation Team. During an emergency, these teams gather, analyze, disseminate, and record information critical to the operation of the Management and Command section.
Finance and Administration — in charge of creating policy and procedure for documenting costs associated with emergency response. This Section has one team, called the Recordkeeping Team. During a disaster they activate contracts with vendors, keep pay records, track receipts, and account for expenditures. Their efforts make it possible for schools to reclaim costs associated with response and recovery activities from the state.

The Kern Community College District does not have a law enforcement department and is dependent on local, state, and federal responders. In most major emergencies, the District is subordinate to the designated incident commander who will be assigned by local, state, or federal responders. Only organizational Sections that are required will be activated. The size of the District and/or College Incident Command Team supporting the incident will be dictated by the size and complexity of the incident.

The District and College emergency response plans shall be subordinate to local, state, or federal incident action plans during a disaster declared by those authorities.
2) Emergency Response Priorities

During an incident, emergency response priorities shall be designated as Priority One, Priority Two, or Priority Three according to the following:

   1. Emergency Level 1: Minor Emergency
      This is defined as any isolated incident, which will not seriously affect the overall functional operation of the District and/or College site. These may include minor electrical failures, individual medical incidents, or a minor hazardous material spill. The District and/or College Emergency Operations Center (EOC) may not be activated. The primary response coordination is by the first responding personnel, a building emergency team member, or public safety. During an Emergency Level 1 situation, single building evacuations may occur and the involved personnel may call 9-1-1. In all cases, Public Safety shall be called for assistance and to document the incident.

b) Level 2 — a major emergency that impacts portions of the District and/or College campus, and that may affect mission-critical functions or life safety.

   1. Emergency Level 2: Major Emergency

The District and/or College Emergency Operation Center (EOC) may be activated during Level 2 emergencies.

c) Level 3 — an emergency that involves the entire District and/or College and surrounding community.
1. **Emergency Level 3: Disaster**
   This is defined as any event or occurrence on- or off-District or College site that has seriously disrupted, or has the potential to seriously disrupt, District and/or College operations and functions. These may include a regional utility outage, a major earthquake, a major hazardous materials accident, community flooding, uncontrolled wildfire, or large-scale civil unrest. At this emergency level, it is anticipated the response and resource capabilities will be exceeded and overwhelmed.

4) **Emergency Response Plan Evaluation**

Yearly reviews of the District and College emergency response plans shall be conducted to insure the plans are up-to-date and accurate. This review shall include legislative updates, updates of relevant operational procedures, a review of practical applications, and updates of informational materials to all Kern Community College District staff at all sites.
