2022-2024
Kern Community College District
District Office Administrative Unit Review
Human Resources

Submitted by:
Dena Rhoades
Interim Vice Chancellor, Human Resources
The Human Resources Department is comprised of four departments including Human Resources, Payroll, Benefits, and Risk Management.

During this evaluation period, the department experienced the following:

- Transitioned from in person work to remote work for the entire department and then transitioned to hybrid schedule due to COVID-19
- Implementation of COVID-19 vaccine requirement
- COVID-19 leave processing and safety protocols
- Revised and approved EEO Plan
- Implementation of Student Employment Electronic Personnel Action Form (EPAF)
- Implementation of NeoEd applicant tracking system
- Continuation of an evaluation tool (EvaluationKIT)
- Continued working on improving process/procedures
- Continued working on creating a positive relationship with CCA and CSEA
- Budget Planning
- HRIS improvements moving the Faculty Load and Compensation module forward for automated processing and the planning of the dissolution of Schedule Plus
- Implementation of Property and Liability Insurance Carrier transition in 2020-2021 from Self Insured School of California (SISC) to Statewide Association of Community Colleges (SWACC).
- Implementation of Keenan Safe Colleges Training Platform (SWACC)
- Provided Sexual Harassment Training to all employees
- Re-establishment of Districtwide Safety Committee (COVID-19 Response Team)
- Went live with Banner Document Management
The Human Resources Department has been progressing well and the state of the department is healthy.

Current Needs:

- Continued implementation of Lean Six Sigma District Office pilot program – focused on improving efficiencies and effectiveness
- Develop a consistent communication plan of payroll timelines and deadlines district-wide
- Develop a process guide for managers across the district
- Review our communication of health and welfare benefits to our employees including retirees
- Ensure the District Human Resources Department is following timelines for all districtwide committees in which it is responsible for leading
- Implement electronic leave process to replace paper absence forms
- Continue to create and implement electronic personnel action forms
- Implement electronic onboard and exit processes
- Create electronic processes for temporary employees
- Complete scanning personnel documents into Banner Document Management (BDM)
- Set up and track Worker’s Compensation cases in Banner
- Set up and track grievances in Banner
- Review and ensure the department has the correct Cognos reports
- Research out of state employment
- Review and update outdated job descriptions

Future Needs:

- Replacing the vacant Human Resource leadership positions
- Review our process for handling districtwide Title IX and other employee/student complaints
- Succession planning for employees in the department
- Expand our health and welfare benefit educational opportunities related to benefit and retirement education for all employees
- Support all employees with providing comprehensive professional development as appropriate to their position
Section One: Unit Overview

a) What is the purpose of the unit and what populations (internal and external) are served by the unit?

Human Resources strategically partners with the District’s community to build and support an outstanding workforce dedicated to student success.

The Human Resources Department is dedicated to providing professional, confidential and cost-effective assistance to all employees and other customers in the areas of recruitment and retention of academic, classified and administrative employees. Our responsibilities include new hire orientation, employee benefits, employee/labor relations, collective bargaining, safety, salary administration, job classification, Board and Human Resources policy, employee discipline and terminations, workers’ compensation, training and equal employment opportunity.

Human Resources serves a dual role: as an internal consultant to management on HR-related matters and as an advocate for employees. Human Resources is wholly committed to the development and implementation of HR programs that will assist or enable employees to better serve the greater learning community of the Kern Community College District.
b) Describe how the unit supports the colleges in achieving their mission and their efforts to improve student learning and achievement.

Human Resources strategically partners with the District’s community to build and support an outstanding workforce dedicated to student success.

As a strategic partner in District operations, Human Resources endeavors to provide customer-centric services to internal and external stakeholders in key focus areas including: talent acquisition, on-boarding, labor relations, employee relations, performance management, benefits administration, leave of absence administration, reasonable accommodations, workplace safety/workers’ compensation, HRIS, record management, payroll administration, policy and procedure administration and professional development.

The Human Resources Department has revolutionized the way we administer our hiring process by moving to an e-Human Resources environment, which includes electronic processes from the start of the recruitment process to the end-result of the employee lifecycle. The department implemented NeoEd, an applicant tracking system that is robust and will meet the needs of the district. All onboarding documents are electronic and the process is much more efficient than the paper process that was in place previously. The department will continue to implement components of the product.

This e-Human Resources environment will also enable Human Resources to better track our diversity efforts position by position to see if we are reaching a diverse audience for each position in the District, furthering the District’s EEO plan and better reflecting the student population we serve.

Human Resources is the first and last point of contact for every employee in our District. The experience our new and departing employees have with Human Resources defines us as an organization, and Human Resources seeks to make sure all employees have an excellent customer service experience with HR.

**BANNER Implementations**

Activate Banner Self-Service for leave reporting. This would allow individuals to post their absences directly in the system. The electronic absence would then be routed electronically for signature to the supervisor and e-post.

- **Goal 5:** Strengthen Organizational Effectiveness
- **Ongoing**
- **Assess time spent in manually inputting absence slips into Banner in order to update leave balances.**
  - With new leadership, this process will be re-evaluated to ensure the direction the district would like to go. It is hopeful that it will improve the current paper process that is in place.

1) **Reduced time in processing absence balances**
2) **Greater accuracy in inputting and tracking leave balances as this will be done electronically directly from by the employee taking leave**

**Professional Development Program**

- **Goal 5:** Strengthen Organizational Effectiveness
- **Ongoing**
- **Assess enrollment and completion of professional development and required safety trainings by employees for compliance**
  - Human Resources will work with the colleges on the appropriate professional development implementation, completion and tracking plan.

1) **Greater use of offered professional development by employee classification**
2) **Compliance data regarding completion of required and recommended safety training**
3) **Survey of employee satisfaction with new platforms**

**Diversity Hiring Practices**

- **Goal 5:** Strengthen Organizational Effectiveness
- **Ongoing**
- **Review the process to hire employees who reside out of state. There has been an interest from departments districtwide for hard to fill positions and diversity purposes.**

1) **Expand hiring to outside of California**
2) **Help to fill positions that are hard to fill**
3) **Provide additional diversity opportunity for the District**

**Hiring Committee Training and Evaluation**

- **Goal 5:** Strengthen Organizational Effectiveness
- **Ongoing**
- **Create surveys to ensure human resources is providing effective and efficient support for screening committees.**

1) **Assure timelines are being met**
2) **Compliance of hiring committees**

Human Resources
Section Two: Administrative Unit Outcomes (AUO)

b) Summarize the results from any AUOs evaluated during the past year, including feedback on services rendered during the past year. Provide details regarding findings and plans for change or improvement of service, if needed.

1) The Human Resources Department was able to successfully implement the application tracking system to NeoEd. This implementation provided an electronic requisition process that has eliminated the need for the routing of paper documentation. The department will continue to expand the use of the program to move toward electronic efficiencies with the interview and onboarding processes.

2) The Department was unable to implement the Leave Reporting module of Banner due to staffing changes and data integrity issues. The Department is working to scrub the data in the system and continue to work on this important project in the upcoming years to ensure we become more efficient and effective as we serve our stakeholders.

The Department was not able to implement the electronic leave reporting, but this will be a higher priority for the 2021-2023 years.

3) The work toward implementing the Professional Development Learning Management System was initially delayed due to insufficient staffing in the Department. When work began on the project, the three colleges provided feedback that will require more discussion about how the HR Department can assist them with their professional development needs.

We are currently implementing SWAAC to track our compliance training. Once this platform is in place long enough to evaluate its capabilities, Human Resources will collaborate with the colleges to determine if this is sufficient or an additional platform is needed to meet the needs of the colleges. Human Resources will also work with the colleges on the appropriate professional development implementation, completion and tracking plan.
Section Three: Key Performance Indicators (KPIs)

**a) List the KPIs for the unit along with the relevant outcomes for the last 3-5 years.** KPI data tracks process efficiency and demand for services. Examples of KPIs include a count of customers served, a count of services performed, the average time to complete a service, etc. They are closely related to the AUOs and should reflect the unit’s core function or purpose.

b) What unexpected changes or challenges did your unit encounter this cycle? How does your trend data impact your decision-making process for your unit?

COVID-10 has impacted the Department and the District as a whole. The Department moved quickly to a remote work environment and spent many hours changing paper processes to electronic processes.

In the last report, it was stated that our data was delaying implementation of projects. As time permits staff have been working to clean the data in our Banner system. There is still much work to do to ensure our data is scrubbed and accurate.

Again, this year we continue to decrease the average time to fill metric. During our next year of measurement, we will be focusing on days to fill, by classification. The overall data is skewed by faculty positions since these recruitments are posted for a longer period of time due to observing faculty contract days. Screening committees do not start until around February or March of each year.

The decrease of applications received over the past couple of years is due to several factors involving the decrease of faculty recruitments. Since the 2015-16 academic year, the Faculty Obligation Number (FON) has decreased, which directs the District’s planning and the number of recruitments that will be posted. In addition, this year due to the pandemic, we have paused recruitments of some positions which has also caused the number of applications received to decrease. We anticipate with the employees who are separating under the Supplement Retirement Plan (SRP) and the increase in the FON, applications will dramatically increase.

The decrease of employees over the last year is due to COVID-19 and the offering of a retirement incentive to district employees. It has been a difficult past two years to hire positions in lower paying positions. Also, we did have a pause in hiring last year due to the uncertainty of the State’s economy and the District’s budget. This year we anticipate an increase in hiring. Also with COVID case management of employees is more difficult.
### Section Four: Progress on Unit Goals (ARE WE KEEPING?)

| Goal 5: Strengthen Organizational Effectiveness | Completed: (Date) | Lean Six Sigma training was provided to all district office employees in the Fall of 2019. Continued training will be needed to ensure adequate employee training results in increased efficiencies and effectiveness. Remote work has accelerated some streamlining processes and delayed others. With the change of staffing Lean Six Sigma will be re-evaluated on how to proceed once we return to full in person work. |

Section Seven: Resource Augmentation Analysis

a) Discuss the impact of new resources your unit is requesting for next year’s cycle that are in addition to what your unit currently has in this cycle. Indicate the expected cost along with the rationale. If a college is not requesting the new resource, leave the “College(s) requesting” column blank. Rank the proposals in order of their importance to the unit (“1” is most important; “5” is least important).

Total cost of resource needs over and above current budget allocation: $40,000 plus personnel costs
The department as stated in the previous sections has had significant leadership changes over the past couple of years. It has been difficult for the Department to gain traction to implement the project goals that were identified in the previous Administrative Unit Review. The department is regrouping and is taking on projects and completing them. It is expected the department will be successful in completing the goals set forth this year.

Lastly, the human resources department will continue to build a cohesive and trusting relationship between the district office and the colleges in an effort to provide support to ensure they achieve their missions and support the goal of student learning, student achievement and institutional effectiveness. The Department will continue to provide support to the colleges to ensure human resource operations run efficiently and smoothly.
